VOL. 30, NO. 120 — Official City and County Newspaper — TWIN FALLS, IDAHO, WEDNESDAY, AUGUST 13, 1947 — Member of Audit Bureau of Circulations Associated Press and United Press — PRICE 5 CENTS

LATE BULLETIN

LAKE SUCCESS, Aug. 13 (AP)—Sir Alexander Cadogan, British U.N. delegate charged today that Egyptian politicians were stirring up feeling against the 1936 Anglo-Egyptian treaty and asked the council to throw out the Egyptian demand for withdrawal of all British forces from Egypt and the Anglo-Egyptian Sudan.

Dworshak Says Peace Prospect Dims, U.S. Production Lagging

"Two years after V-J day, the prospects for peace are less hopeful, and domestic production is below the standards necessary for housing, consumer goods, farm equipment, and other goods which the country is demanding," declared Sen. Henry Dworshak during a visit to Twin Falls.

The senator said he does not believe inflationary price trends are maintaining abnormally high prices. "Although some congressmen contend that the elimination of OPA is entirely responsible for the price trends of today," he explained, "it is apparent that shipments of food and commodities to foreign nations is largely responsible."

* * * *

As an illustration, Senator Dworshak said that based on the first six months of this year, it is estimated $15,000,000,000 worth of goods will be shipped from the United States in 1947, while only $5,000,000,000 worth will be shipped to this country.

"That means $10,000,000,000 worth of food and commodities are leaving this country," the senator pointed out, "siphoning off products needed here, which in turn, through the law of supply and demand, and coupled with less production, means higher prices in this nation."

As a specific instance of how shipments to other nations increase prices here, Senator Dworshak said, British buyers are overbidding American buyers in the east as much as three to five cents a pound on meat. "And that's with money we loaned them," he commented.

On the other hand, shipments abroad are keeping farm prices on a high level, although short crops are partially responsible, he said.

Turning to Idaho problems, Senator Dworshak declared he saw no justification for the dire predictions that reclamation work would be retarded by the congressional economy program. "With appropriations made for the current year and with carry-over funds the bureau of reclamation will have a $200,000,000 program this year," he explained.

However, the senator pointed out he advocates the economy program as a part of the return to peacetime standards. "Emergency war clouds still hang over us," he declared.

Sen. Henry C. Dworshak is shown with the result — 6,400 printed pages—of hearings conducted by six subcommittees of which he is a member.

Senator Dworshak emphasized that he believes the problems now facing the nation are more critical than most of those of the war years. For that reason, he said, he was one of the first senators to urge an autumn session of congress. He said a concurrent resolution was passed allowing Republican leaders to call a session then instead of next January, the normal time.

He indicated an early session of congress will be made necessary by reports from congressmen now on tour both in this nation and abroad.

During the next six weeks, the senator will make a tour of Idaho to acquaint himself at first hand with the changes in public sentiment which have occurred during the nine months he has been in Washington, D. C. With the exception of a Lincoln day speech in Boise, he has not been in Idaho during that period.

The senator said pressure of congressional work and his duties as a member of the appropriations committee and six subcommittees prevented him from taking even brief trips home. Daily committee sessions occurred during the past five months, he said.

He, his wife, and their son, Calvin, returned to their home at Burley last Friday. Commenting on their 2,700-mile automobile trip home, the senator said that seeing the effects of floods, drouth and hailstorms convinced him all the stronger of the superiority of Idaho farms. "Idaho is truly a garden spot," he commented.

Sugar Storage Bins Near Completion

A major project in the over-all improvement program now in progress at the Twin Falls plant of the Amalgamated Sugar company is construction of these bulk storage bins. Sugar will be literally poured into the top after being carried up by elevator, and the bins, 154 feet high, will be capable of holding half of the sugar produced in a 1,000,000 bag campaign. (Staff photo-engraving)

Sugar Plant Here Prepares for Record "Run" of Million Bags for This Season

By JOHN BROSNAN

In anticipation of a 1,000,000-bag campaign, the largest in its 31 years of operation, the Twin Falls plant of the Amalgamated Sugar company is undergoing an extensive improvement program to be completed by start of the annual beet run Sept. 23.

Nearly all of the new additions and installations are on a massive scale, but the most vast single project is construction of five storage bins that will be capable of holding half of the bulk sugar produced during a campaign, or the equivalent of 500,000 bags of 100 pounds each. Located southwest of the main plant, the new elevator will stand [redacted] and compares favorably with the 220-foot landmark [redacted] Falls.

[redacted] started last May 26, and one of the first phases of the development was erecting a 186-foot temporary elevator tower for hauling materials to the tops of the bins. When completed, it will have necessitated use of 100 cars of cement, 1,000 bags per car, as well as some 20,000 cubic yards of sand and gravel.

The storage elevator is being built by J. T. McDowell and sons, Denver. This same firm also constructed the Twin Falls Flour Mills elevator. Some 120 men have been employed during the peak of operations on this project.

Previously, the Twin Falls plant has had no facilities for storage, and sugar was moved to Ogden as rapidly as it was produced.

Raw beets will start rolling into the dumps from the fields on Sept. 22 to build up a slight backlog before processing starts Sept. 23. After being washed, sliced, and processed [redacted] of juice for purifying, [redacted] evaporation and [redacted] ing [redacted] ar, the beets [redacted] transformed into granules of [redacted] by centrifugals. The sugar [redacted] the elevator bins by belts and [redacted] then carried to the top for storage.

Although the campaigns usually do not start until Oct. 1, this year's drive is being moved ahead to Sept. 23 because of the anticipated increase in the quantity to be processed.

According to plant Supt. J. H. Bingham, several other major improvements also are nearing completion at the factory.

A tremendous boiler, among the largest in the state, is being installed to take the place of seven boilers operated previously. This immense source of power will be capable of producing 200,000 pounds of steam per hour, and is entirely automatic. It is 52 feet high and 40 feet square.

Also to be put into operation is a new electric generator which will enable complete electrification of the plant and will eliminate a steam [redacted] ously used.

[redacted]or project is addition [redacted]nnels diffuser bat[redacted] tion of juice from the [redacted]stallation consists of [redacted] a unit.

Embodying the latest in engineering developments are 10 modern fluid drive sugar centrifugals for spinning at high speed the syrup out of sugar as one of the final phases of the processing.

CIO Renews Demands for Price Parley

WASHINGTON, Aug. 13 (AP)—The CIO, contending the price situation demands further action than a justice department investigation, renewed today a request that President Truman call an industry-government-labor conference to seek voluntary price reductions. Emil Rieve, chairman of the labor organization's full employment committee, said in a statement that the CIO welcomes Attorney General Clark's announcement that an investigation of high prices will be made.

"But many prices are set by large monopolies and monopolies do not necessarily fall under the criminal law and Clark's investigation," he added, "For example, in the automobile industry, General Motors controls probably 60 per cent of the business and therefore is able to dictate prices.

"So we feel that steps should be taken at once to carry out our proposal of yesterday, that President Truman summon a conference of industry, government, and labor representatives to seek voluntary price reductions. Also congress, immediately upon reconvening, should reestablish price and rationing controls."

Clark Order Blasted

On capitol hill, Representative Crawford, R., Mich., a leading congressional critic of OPA, labelled as "fantastic" Clark's order for an anti-trust investigation into food, clothing, and shelter prices.

The lawman said it appears to him to be aimed at bringing about a depression at home to help foreign nations buy more goods here. He added that Clark ought to turn his attention to the administration's fiscal policies which, Crawford contended, are the cause of high prices.

In Line With Plea

The National Federation of Small Business announced meanwhile that Clark's program is in line with what that organization has been urging since last spring.

George J. Burger, the federation's Washington representative, told newsmen members' reports indicate particular concern over "growing economic concentration in distribution [redacted]

Temporal Silence

The justice department itself was silent on what leads, if any, it may have uncovered to prompt Clark's promise of jail terms for anyone found guilty of "conspiracies" to force prices up and keep them there.

New York spokesmen for the three industry groups cited said their records are clear.

Most congress members still in Washington adopted an attitude of waiting to see what their own committees find out during a series of cross country studies this summer and fall.

* * * * *

Senate Planning Investigation of Steel Shortages

WASHINGTON, Aug. 13 (U.P.) — Senate investigators said today they will soon ask big steel for its explanation of the steel shortage.

A senate small business subcommittee has already heard small fabricators, manufacturers and consumers relate their difficulties in obtaining steel and steel products.

Sen. Edward Martin, R., Pa., subcommittee chairman, was expected back at the capitol today to set a date for resumption of the hearings. Representatives of big steel and the CIO steel workers union are expected to be called to testify.

The subcommittee's announcement follows a demand by west coast industrialist Henry J. Kaiser for a thorough senate probe of the alleged failure of the steel industry to expand its productive capacity to meet national and world needs.

Kaiser and others have charged big steel is refusing to expand its capacity because it is afraid the new heavy demand will slump in a few years.

In testimony already taken by the subcommittee, many steel users have said of being forced to pay exorbitant prices in "grey markets." Some said they could not get steel at any price.

Federal Jury Slates Probe Of Gas Price

SALT LAKE CITY, Aug. 13 (U.S.)—Acting U. S. Attorney General Douglas W. McHugh today advised Gov. Herbert B. Maw that gasoline prices in the mountain states and the Pacific would be investigated by a grand jury.

Maw said McHugh told him that a grand jury had been authorized to meet in Los Angeles soon to check into alleged price fixing in the sale of gasoline.

Maw said he had been assured that the Los Angeles grand jury investigation would be "sufficiently broad" to cover gasoline prices in Utah and the rest of the mountain state area.

Maw suggested such a price fixing investigation after the price of gas in the mountain states was raised two cents a gallon and the companies explained that it was to cover an increase in taxes.

Maw pointed out that while taxes had increased in neighboring states, there had been no increase in Utah and he could see no reason for an increase in gasoline prices in Utah.

Idaho Prices Higher

Gasoline prices in Idaho [redacted] 2 to 3 cents [redacted] than those in Utah, [redacted] Governor Maw declared. However, earlier this year Governor Robert [redacted] E. S. attorney general's office that [redacted] investigation would be conducted.

Man Held for Tipsy Driving Charges Here

Charges of drunken driving were expected to be filed Wednesday afternoon against Calvin E. Wilson, Twin Falls, following his arrest Tuesday night by Twin Falls police after a lengthy chase.

Meanwhile, Donald H. Fenwick, 440 Jefferson street, pleaded guilty before Municipal Judge J. O. Pumphrey to charges of speeding and was fined $10 and $3 court costs as police continued their drive against traffic violators.

Hit Pedestrians

Chief of Police Howard W. Gillette said Wilson is alleged to have knocked down two pedestrians with his auto during the chase Tuesday night in addition to engaging in a fight with a third person. Gillette said Wilson is a parolee from a federal prison and state and federal parole authorities are being contacted. He said Wilson probably would be returned to prison to serve the balance of a term for auto theft.

Wilson is being held at the Twin Falls city jail pending filing of charges against him.

Warns of Check

Judge Pumphrey reported 17 of 23 persons given tickets during a traffic safety lane conducted Monday had posted bonds of $3 in municipal court. He also warned drivers that a state law requires motorists to have lights, brakes and horns checked every 90 days for mechanical defects.

Checking stations are certified by the state for the purpose of checking for mechanical defects, Judge Pumphrey pointed out.

Those posting bonds include Herbert Lapp, Preda Swearingen, Richard Buckendorf, Chester H. Jackson, Clarence L. Magoffin, Wayne Anderson, Louis G. Wolsner, Robert A. Watson, Audrey Waddell, Elisabeth Reilly and J. A. Wiley, all on charges involving improper lights; Bob Foster, Buddy Taylor, Mrs. Ethel Biel, Russell G. Bennett and Phil W. Darrow, on charges of failure to have a valid operator's license, and Floyd J. Hockworth, on a charge of not having a workable horn on his car.

Five Trustees To Be Named Here Sept. 2

Five trustees for independent school district No. 1 will be elected on Sept. 2, date set for the election by a meeting of the school board Tuesday night.

Ordinarily only two trustees are elected each year but under the new school reorganization law the board is reduced from six to five members, all of whom are to be elected this year regardless of whether or not the district is affected by a reorganization of school systems here, board members said.

To be elected Sept. 2 are two members for three year terms, two for two year terms, and a fifth for one year. Polls will be open from 1 to 7 p. m. in the Lincoln and Bickel schools. Names of candidates are to be filed with the clerk of the board at least six days prior to the election. The clerk's office is in the high school building.

Payment Okayed

In other business the board approved payment of claims amounting to $8,670.97, hired 10 new teachers, accepted the resignation of seven teachers, raised the salaries of substitute teachers without degrees from $6 to $7.50 per day, and those with degrees from $7 to $9 per day.

New teachers hired include Shirley Pope, Denver, high school dramatics and radio; Frances Solt, Wisconsin, high school art; Mrs. Lyons Smith, Twin Falls, and Myrle Brunzell, Minnesota, junior high school.

Teachers Hired

New elementary teachers are Arlea Hope, Salt Lake City; Sara Hunten, South Dakota; Winifred Summa, Missouri; Mrs. Eva Mahnken, Mrs. Elizabeth Tyle and Mrs. Margaret James, all of Twin Falls. Mrs. Mahnken formerly taught in Nebraska.

Resignations were accepted from Kathleen Diehl, high school spanish; Ruth Leth, high school home economics; Gladys W. White, high school commercial; Max M. Barber, high school chemistry; Hazel Hong, Washington first grade; Mavis Dummer, Washington fourth grade, and Mrs. Verna Scofield, Lincoln third grade.

Curfew Clamped In Palestine as Strife Continues

JERUSALEM, Aug. 13 (AP) The Palestine government imposed a rigid curfew on two predominantly Arab areas of Jaffa tonight as continuing Arab-Jewish strife brought death to three more persons.

It was the first time a curfew has been imposed on an Arab area in the holy land since the 1936-1939 revolt. Military and police patrols roamed the streets of Jaffa's Manshieh and Ouzlon quarters, virtual no-man's land between all-Arab Jaffa and all-Jewish Tel Aviv.

Two Arabs and one Jew were stabbed to death today in that area. Seven Arabs and two Jews were injured.

Reports from the area said that Jews and Arabs had been engaged in a stone-throwing battle along the dividing line between the two cities since dawn and that almost a score of injured had been given treatment at clinics.

The stabbings raised to 11 killed and 25 wounded the casualties resulting from racial strife between Jews and Arabs which broke out Sunday night.

Briton Leaders Meet To Draft Crisis Plan

LONDON, Aug. 13 (AP)—Government officials met with trade union leaders and industrialists today to make plans for combatting British economic ailments with the newly voted and extensive controls over labor, industry and wealth. The controls become law with King George's assent after receiving final parliamentary approval from the house of lords this morning. The "crisis" bill empowers the labor government to muster all British resources and guide labor into essential industries in efforts to achieve economic recovery.

The house of commons voted 193 to 84 to adjourn until Oct. 20, beating down conservative and liberal attempts to shorten the recess to Sept. 16 in view of the economic situation.

Anthony Eden, speaking for the conservatives, declared the $3,750,000,000 U. S. loan would be exhausted before the recess ends and that the labor regime had not told parliament what practical steps it would take in dealing with the nation's plight. (The British have drawn another $150,000,000 of the credit, leaving only $850,000,000, the U. S. treasury reported.)

Churchill to Air Views

Winston Churchill scheduled a 20-minute radio address for Saturday night which was expected to be a reply to Prime Minister Attlee's speech of last Sunday appealing for national cooperation. Churchill will go on the air at 8:15 p. m. (1:15 p. m. MST) Conservative party headquarters announced yesterday that he would speak Sunday night.

Informed sources said one major topic at the government conference with labor leaders and industrialists was the precise scope of the "crisis" legislation which specifies that jobs in certain trades and industries shall be obtained only through labor exchanges.

Lords to Meet Sept. 9

The predominantly conservative house of lords voted to meet Sept. 9 to consider actions the government might take under its "crisis powers."

While the house of lords, sitting by itself, would have little control over any government action, the Marquess of Salisbury, conservative leader, said he believed it should meet again in three weeks, if only to keep an eye on the situation.

Parley Slated For Easing of Loan's Terms

WASHINGTON, Aug. 13 (AP) — Secretary of the Treasury Snyder announced today that discussions will start Monday with British officials on easing terms of the $3,750,000,000 American loan to Britain.

Snyder told a news conference that the national advisory council on international monetary problems, headed by himself, will conduct the discussions on behalf of this country.

The British delegation, which will fly here this week-end, will be headed by Sir Wilfred Eady.

Limited to Loan

Snyder emphasized it was his understanding that the conference would not delve into other aspects of the British "dollar crisis" or European aid.

In two other developments on the international economic scene:

1. Snyder scotched "persistent rumors" in London's financial district that the treasury planned to increase its price on gold from the present $35 an ounce to $50.

No Such Plans

The secretary said there have been "no plans and no discussions" of such a move. An increase in the gold price would assist European countries with gold reserves to extend their present dollar credits.

2. The British withdrew another $150,000,000 of their U. S. loan, leaving only $850,000,000 available. At the recent rate of withdrawal treasury officials calculated the loan would be exhausted in October.

Hughes, Brewster Side Issue Probe Said 'up to Sub-Group'

WASHINGTON, Aug. 13 (AP) — Chairman Ferguson, R., Mich., said today it will be up to his war investigating subcommittee to decide whether to probe deeper into the "side issue" feud between Howard Hughes and Senator Brewster, R., Me.

But Senator Pepper, R., Fla., declared that in his view the next step, if there is one, will have to be taken either by the full senate or the justice department.

The two ranking members of the subcommittee outlined their opinions in separate interviews as the customs bureau stepped into the picture in an effort to make certain that the main Hughes inquiry can get underway again Nov. 17.

Frank Dow, acting commissioner of customs, notified collectors at all ports yesterday to stop John W. Meyer, Hughes' free-spending publicity man, if he tries to leave the country.

Meyer's unexplained absence last Saturday after an earlier committee subpoena for him expired, was one of the reasons Ferguson cited for ordering a postponement in the two weeks old investigation into Hughes' $40,000,000 worth of wartime airplane contracts.

With Hughes back in Hollywood, Brewster vacationing in Maine and most subcommittee members turning their attention to other matters, there was little left here to keep the controversy alive, but Brewster said at Portland last night that "we've just begun to fight."

Brewster had a quick retort to Senator O'Mahoney, D., Wyo., who predicted in a statement that tightened laws against lobbying will be among what he called the "unexpected benefits of the Brewster blowup."

Brewster told a reporter at Portland he has "repeatedly said that a thorough-going investigation of lobbying was entirely in order."

Boxcar Lack Said Due to "Slowdowns"

NEW YORK, Aug. 13 (AP)—The Chesapeake and Ohio railway charges in a series of full-page newspaper advertisements today that "deliberate freight slowdowns" by some railroads were tying up freight cars to a point where millions of bushels of food might rot in the fields this autumn.

"Thousands of cars, the advertisements declared, could be freed overnight if railroad management would revise its schedules.

The advertisement cited eight routes between California and Chicago as illustrating its point.

"These routes vary as much as 450 miles. But, curiously, the time schedule for each of the eight is exactly 118 hours and 30 minutes," the advertisement stated.

"Similarly, scheduled freight trains moving west over the important routes from Chicago to the coast areas, despite great differences in terrain and mileage, take exactly 120 hours—on the nose," the advertisement continued.

The advertisement asked: "Could it be that these schedules are fixed by agreement? That the trains which could be fastest are held back for the slowest—so that no road can have the slightest competitive advantage?"

It continued with the flat statement: "Railroad men know that, in many instances, a whole day could be cut off these schedules between California and Chicago. If management would simply order it. If that were done, on these roads and on others, it would ease the national car shortage at once."

Counter-Charges Fly in Indonesia

BATAVIA, Java, Aug. 13 (AP)—An Indonesian army communique charged today the Dutch had violated the cease-fire order 2,230 times between Friday and Monday. The truce in the Dutch-Indonesian hostilities became effective 10 days ago.

Another republican communique said Dutch forces were advancing both in eastern and western Java and that a Dutch patrol vessel fired on a Chinese motorboat proceeding from Sumatra to the Riouw archipelago.

A Netherlands army communique said earlier that a Dutch soldier was killed and 16 were wounded yesterday in Indonesian violations in Java and Sumatra.

Problem of Finance Raised for Schools

Financial problems entered the already confused situation regarding administration of Twin Falls county school Tuesday in letters sent to county officials by County Attorney Everett M. Sweeley.

In a third letter to county commissioners dated Saturday, Sweeley advised disapproval of payment of claims submitted after July 1 by Doris Stradley, county superintendent of public instruction. In previous letters he recommended court test of the constitutionality of the county board of education act passed by the 1947 legislature and questioned a budget submitted by that board.

In a letter to County Auditor Charles Bulles, dated Tuesday, the county attorney discussed the new law's effect on issuance of warrants for school districts.

Further complications were developing, Sweeley said Wednesday, in the form of how state apportionment would be made to the various school districts. The new law presents no plan of action for taking care of the work.

The county attorney is making another study of the new legislation and is endeavoring to find a plan whereby the problem of paying expenses of the schools and salaries of the teachers may be handled until [redacted] case can be presented to the [redacted] for a decision.

"Regardless of the constitutionality or legality of the new legislation the schools must continue to operate. The simplest solution," he said,

(Continued on Page 3, Column 1)

No Charges Filed In Slot Seizures At Glenns Ferry

GLENNS FERRY, Aug. 13 — No charges had been filed today against Willis Carrie, owner of the Carrie cafe, after state law enforcement officers Monday night seized six slot machines in his establishment after he allegedly permitted scores of the machines to mirrors.

R. W. Worden, chief of police of Glenns Ferry, said seizure of the six machines "was entirely a state affair." He said no charges had been filed after the seizure.

Confiscated by the state officers were two nickel machines, two dime machines and two quarter machines.

Corn Belt Getting Cooler Air, Rain

By United Press

Cooler air and scattered showers started moving into the nation's scorched corn belt today, hinting at the first relief in nearly four weeks from a drought which has damaged millions of bushels of corn.

The U. S. weather bureau at Chicago reported that cooler weather and some rain had moved into most of Nebraska, and was expected to move into Iowa and sections of Illinois and Indiana tomorrow and Friday.

Paper Shortages Stop Old Journal

SEATTLE, Aug. 13 (AP) — The Seattle Star, founded in 1899, announced it was suspending publication after today's editions because of rising costs of operation combined with the world-wide newsprint shortage.

At the same time, the Seattle Times announced it would purchase the Star's remaining newsprint.

Prospects Brighten for Auto Market This Fall, Groups Say

WASHINGTON, Aug. 13 (U.P.) — Your chances of getting a car—new or used—will be a little brighter in the fall, organized dealers and manufacturers said today.

But don't expect a return any time soon to the days when salesmen chased customers instead of ducking them. Manufacturers still have a 5,000,000-car deficit to fill.

Both new and used car dealers associations said the removal of curbs on easy payments buying in November may causes a further temporary boom in the car market. But they believe that new efforts by manufacturers and dealers to stamp out black market merchandising, the addition of more than 1,000,000 new cars over last year's output, and the end of the vacation season will combine to help bring used car prices down to a better level.

One of the strongest new weapons against the black market, according to dealers, is a new type conditional sales contract adopted by several large manufacturers and a number of individual dealers.

It is designed to keep buyers from grabbing 1947 models to turn over to used car lots. Under the [redacted] tract the buyer promises that [redacted] six months he will not sell the [redacted] to anybody except [redacted] sold it to him.

The National [redacted] association, representing [redacted] 000 new dealers, [redacted] that there are fewer 1947 [redacted] car lots as a result.

Wholesale Food [redacted]

Sweeley Sees Confusion on School Funds

(From Page One)

"would be court action before school terms get underway."

Meanwhile, the only comment from Kenyon Green, chairman of the county board of commissioners, was that the commissioners have taken no action on any of Sweeley's three letters on school administration.

Regarding claims submitted to the commissioner by Mrs. Stradley, Sweeley advised that those submitted before July 1 should be paid as they were the county's responsibility.

However, he stated that the county board of education law abolished the office of the county superintendent effective July 1 when those duties were given over to the newly-formed county board of education, and a county superintend became secretary of that board. He declared that the expenses of the county superintendent in that field became the responsibility of the county board of education.

Sweeley reaffirmed his belief that the board of education law is unconstitutional, but said: "We can only obey the law until it is judicially set aside," indicating that the law is in full force at the present time. The county is not responsible for expenses of the county board of education or its employes, he declared.

Turning to the automobile furnished by the county to the superintendent for use in county work, Sweeley wrote that the car has not been used since July 1 for county work as the superintendent has no official duties to perform for the county.

He pointed out the insurance paid by the county on its cars is effective only when they are used on official business and that the county is without insurance protection on the superintendent's car while it is being used by the secretary of the county board of education.

In answer to a request by County Auditor Bulles for information, Sweeley wrote it is the auditor's duty to draw warrants upon school funds upon presentation of any order in duplicate from the clerk of a school board signed by the chairman and countersigned by the county superintendent.

The county attorney then explained changes in school administration as made in the county board of education act which provides the superintendent keep a record of school funds of all class "C" districts under the jurisdiction of the county board of education and countersign all warrants drawn by the districts.

Sweeley wrote he presumes this superintendent is the same who is to be appointed by the county board of education and who acts as its secretary and administrative officer. However he points out that school districts do not have the machinery to issue warrants but only orders for warrants.

He advises the county auditor that, in general, legislative acts are presumed to be constitutional until otherwise held by courts—which leaves the county board of education act in force.

"The fact that an odd situation results," he wrote, "in that we have one superintendent, a constitutional officer who was elected by the people for a term which does not expire until January, 1949, and another superintendent who is to be appointed by the board of education, does not help us.

". . . That is no help in your problem, as I perceive it our business is to keep the school situation working until the courts can act, if we can find a way to do so."

Mrs. Stradley in a talk with Sweeley Wednesday morning said members of the county board of education had indicated they were willing to appoint her as superintendent to act under the new law but that uncertainty on their part as to the legality of such an action had caused them to refrain from such action.

The county attorney added he had not been informed if the county board of education has appointed, or attempted to appoint, a superintendent. He pointed out the law does not require the board to appoint the elected superintendent.

In the concluding paragraph of his letter to the county auditor he wrote:

"The matter is by no means clear, but I deem the continued and uninterrupted conduct of the schools to be of so much importance that it is my conclusion that your office will be safe in issuing common school district warrants whenever you receive duplicate orders for such warrants countersigned by the board of education or its administrative officer authorized by the board to sign in its behalf. We must make this statute work if we can find a way to do so, and it is my earnest hope that some prompt action will be taken to obtain definite rulings from the court before too much confusion results."

Weather

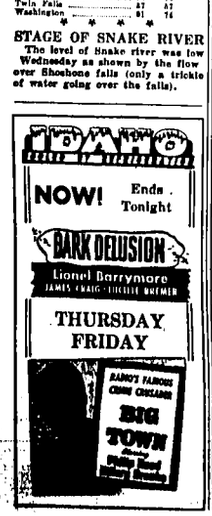

Twin Falls and vicinity—Fair tonight and Thursday. Little temperature change. High yesterday 87, low 51. Low this morning 47.

STAGE OF SNAKE RIVER

The level of Snake river was low Wednesday as shown by the flow over Shoshone falls (only a trickle of water going over the falls).

Keep the White Flag of Safety Flying

Now three days without a traffic death in our Magic Valley.

John Newbrough, Buhl, Succumbs

BUHL, Aug. 13 — John William Newbrough, 84, a resident of Buhl since 1909, died at the St. Valentine hospital in Wendell Wednesday morning.

He was born April 30, 1863, in Kewanna, Ind., and came to Buhl from Chicago. He was a retired farmer.

Mr. Newbrough was a charter member of the West Point Grange, a member of the Methodist church, Masonic lodge at Wendell and the Royal Arch Masons at Gooding.

He is survived by his wife; two children, John Newbrough, jr., Wendell, and Lucy Detty, Glenns Ferry, and a sister, Annie O'Hare, Mishawaka, Ind.

Funeral services have been set tentatively for 2 p. m. Saturday at the Buhl Methodist church with the Rev. Olin Parrett, Methodist pastor, officiating. Burial will be in the Wendell cemetery under the direction of the Albertson funeral home.

Four Meet Fiery Deaths in Crash

MANCHESTER, N. H., Aug. 13 (AP) —Four persons met fiery deaths when an army A-26 bomber and an advanced army trainer collided and crashed in the air last night within a mile of Grenier army air field and crashed in flames.

The trainer narrowly missed several residential district houses as it plummeted to earth and finally smashed into a garage, setting it afire. The bomber crashed three miles away.

Eyewitnesses said the tail of the trainer was sheared and that it lost a wing before it crashed.

Magic Valley Funerals

TWIN FALLS — Funeral services for Mrs. LaRaine Barnhart will be held at 2:30 p.m. Thursday at Emmett under the direction of the LDS church.

BUHL — Funeral services for Grover (Dick) Kenyon will be held at 2:30 p. m. Friday at the Albertson funeral home chapel with the Rev. Olin Parrett, Methodist minister, officiating. Burial will be in the Buhl cemetery.

BUHL—Funeral services for John William Newbrough have been set tentatively for 2 p. m. Saturday at the Buhl Methodist church. Burial will be in the Wendell cemetery.

U. S. Pleads Re-Check for Korean Pact

WASHINGTON, Aug. 13 (AP)—Secretary of State Marshall proposed to Russia today that the United States and the Soviets reexamine by Aug. 21 their stalemated efforts to agree on a unified provisional government for all Korea.

In a letter to Soviet Foreign Minister Molotov, Marshall said that the failure of a joint Soviet-American commission to make progress was a "matter of great concern" to the United States.

"The United States government believes that, in justice to the Korean people whose hopes of independence have been so long postponed, they cannot be further delayed," Marshall added.

"It is the desire, therefore of this government that by Aug. 21, 1947, the joint commission report the status of its deliberations so that each government may immediately consider what further steps may usefully be taken to achieve the aims of the Moscow agreement, namely the establishment of an independent, united Korea which can take its place among the United Nations."

The state department made public Marshall's letter after the secretary had left Washington by air for the inter-American conference at Rio de Janeiro.

Copies of the letter were sent to China and Great Britain, who also were parties to the 1945 Moscow agreement to grant independence to Korea after a five-year trusteeship period.

Child, Two, Loses Finger in Mower

The condition of Jay Larson, 2-year-old boy who lost two fingers in an accident Monday afternoon at his home, was reported as "good" Wednesday by his parents, Mr. and Mrs. E. J. Larson.

The child was playing with a lawn mower with his sister, Shirley, 5, when the accident occurred, according to Mrs. Larson. The children were pushing the mower up the terraced lawn and in an attempt to keep it from rolling back, the boy caught the blade with his hand. The little finger of his right hand was completely severed and the adjacent finger was partially cut off at the first joint by the turning blades.

Schedule Set to Pay Service Fee at Paul

PAUL, Aug. 13—Village water and garbage dues will be payable at the city hall from the first to the 10th of each month inclusive, Village Clerk Floyd Clark has announced. The new payment plan will go into affect Sept. 1.

Office hours will be from 1 p. m. to 7 p. m. Mrs. Alma Stewart will be in charge.

The Hospitals

Emergency beds only were available Wednesday at the Twin Falls county general hospital. Visiting hours are from 2 to 4 and 7 to 8 p.m.

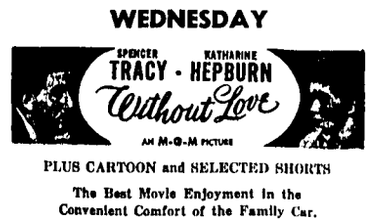

ADMITTED

R. D. Schade, Mrs. Alta V. Dickey, Mrs. H. H. Humphrey, Mrs. Ernest Krueger, and Mrs. Eugene Cooper, all Twin Falls; Theodore Bren, Buhl; Mrs. Vinnie Marquardson, Jarbidge, Nev.; Velma Barry, Hazelton; Mrs. Virgil Reeves, Castleford; Mrs. Warren Borders, Gooding, and Mrs. Edmund Sessions and Mrs. Louise Landis, both of Filer.

DISMISSED

Mrs. Lloyd Yost and daughter and Mrs. J. A. Morgan, both Twin Falls; Clarence Houchins, Hansen; Frank Strain, Eden; Mrs. J. B. Hill and Mrs. Lloyd Roberson, both Buhl, and Mrs. William Leichliter, Castleford;

Twin Falls News in Brief

Grange to Meet

Knull Grange will meet at 8:30 p. m. Friday at the community center.

To Visit Daughter

Mr. and Mrs. B. J. Ditter left Wednesday for Spokane, Wash., where they will spend three weeks visiting their daughter, Mrs. R. L. Boyd.

Visiting Parents

Mr. and Mrs. Dale Waite, Olympia, Wash., are visiting her parents, Mr. and Mrs. Marvin Newman, and Mr. and Mrs. Ed Waite. He has been taking a pre-medical course and will return to school Sept. 16.

Leaves for College

Phil McMullin left this week for Redlands, Calif., where he is enrolled as a sophomore in the music school at Redlands college. He was accompanied to California by his parents, Mr. and Mrs. R. C. McMullin.

Births

Sons were born to Mr. and Mrs. Cuthbert Charlton, Twin Falls, and Mr. and Mrs. Edmund Sessions, Filer, and a daughter to Mr. and Mrs. Warren Borders, Gooding, Wednesday at the Twin Falls county general hospital maternity home.

Seeks Building Permit

A 50 by 24-foot brick one-family dwelling, to cost $8,000, is listed in an application for a building permit filed Tuesday by Lester Allen, Kimberly, in the office of the city clerk. The building is to be located upon three lots on Fillmore street near Shoup avenue.

Publicist Here

Ken Hunter, recently-appointed director of ASUI publicity at the University of Idaho, Moscow, was in Twin Falls Tuesday and Wednesday as part of a southern Idaho "get acquainted" tour. While in Magic Valley he is visiting Burley, Rupert, Buhl, Jerome, Wendell, Gooding, Glenns Ferry, Mountain Home and other points.

Pitchfork Attack Charged by Man

A four-tined pitchfork was listed by Ray Englebrecht in a felony complaint charging Ernest Pritchard with "assault with means to produce great bodily injury" on Saturday.

Pritchard requested preliminary hearing when arraigned Tuesday before Probate Judge S. T. Hamilton. The hearing was set for 10 a. m. Aug. 20, and Pritchard was released on his own recognizance.

Farmer Union Holds Picnic Event at Dam

PAUL, Aug. 13—About 250 members of the Farmers' union held a picnic at Minidoka dam at which Herbert Rolph, Joplin, Mont., national vice president, addressed the group.

Locals of Paul, Jerome, Emerson and Twin Bend participated in the picnic lunch, which was in charge of Richard Culley, president of the Minidoka county organization, and Manuel Kerbs, president of the Paul local.

Scared to Death

PHILADELPHIA, Aug. 13 (AP) —Two-year-old Nancy Lee Pollock, whose mother said the child was deathly afraid of "anything that sounded like thunder," collapsed and died in her crib as a drum and bugle band practiced nearby, Detective Albert Helvitson reported.

Visiting Ainsworths

Visiting at the home of Mr. and Mrs. H. L. Ainsworth are her mother, Mrs. Grace Evans, Los Angeles, Calif.; her sister and brother-in-law, Mr. and Mrs. A. Hammerschmidt, Monticello, Ill., and her niece, Mrs. John Rayborn, and family, Bonville, Ill.

Returns From School

Dee Jordan has returned from Southern Idaho College of Education where she attended summer school. She will spend a three-weeks' vacation with her parents, Mr. and Mrs. Elmer Jordan, before going to Vancouver, Wash., to teach school.

Search Continues For Missing Boy

HAMILTON, Mont., Aug. 13 (AP)— The Hamilton Elks lodge set up a soup kitchen on the 7,000-foot high Sapphire mountains today, as more than 300 Bitter Root valley folk continued their unrelenting hunt for four-year-old Arnie D. Olsen and his shepherd dog.

The search took on renewed vigor at daybreak, after the volunteers worked fruitlessly through yesterday and last night to find the lad, who wandered away from his parents' wood cutting camp, 20 miles east of here, late Monday.

Sheriff F. O. Burrell said the fact the dog had not returned to the logging camp where the boy's father works kept alive hopes that the boy was alive and the dog was staying with him to protect him.

Local businessmen closed their stores to join the hunt.

$3.15 Less Cash Per U. S. Citizen

WASHINGTON, Aug. 13 (U.P.) — Each American had $3.12 less cash on June 30 than he had on July 31 last year, the treasury said today.

Cash per capita is considered a rough gauge of inflationary pressure.

Although there was more money in circulation June 30 than a year ago, the total population had increased enough to make the per capita sum lower.

The per capita figure on June 30 was $190.66 as compared with $199.78 last year, the treasury said.

Lions Hold Business Session at Meeting

A business session was conducted by the Lions club at its weekly meeting Wednesday noon.

J. Johnston was installed as a new member. Guests at the meeting were James G. Harding, Portland, Ore.; Wayne Hancock, Buhl; Johnston and Elvis Cain, Twin Falls.

Both Legs Broken

IDAHO FALLS, Aug. 13 (U.P.) — Daniel Leigh, employe of the Idaho Potato Growers, Inc., potato dehydrating plant, sustained both legs early this morning when a heavy door fell on him.

Leigh was lifting a huge counterbalance door when the cable holding the counterbalancing weights broke, letting the 600-pound door fall on him. LDS hospital attendants reported his condition as "good."

HEARTBURN
Relieved in 5 minutes or double your money back
When excess stomach acid causes painful sufferer like gas, sour stomach and heartburn, doctors usually prescribe the fastest-acting medicines known for this purpose: Alkalizing Medicines like those in Bell-ans Tablets. No laxatives. Bell-ans brings comfort in a jiffy or return bottle to us for double money back. 25c

Shrine Club Sets Annual Fish Fry

Annual fish fry and stag party of the Southside Shrine club will be held at the Clear Lakes golf course north of Buhl at 7:30 p. m. Saturday, it was announced Wednesday by J. J. Rugg, president of the organization.

All members of the club were urged to attend the event and President Rugg issued an invitation to members of the Wood River and Cassia Shrine clubs to attend the party. He advised each member to wear his fez.

Entertainment will be furnished by the German band of Twin Falls, according to Ray Holmes and Dr. Robert A. Parrott who are in charge of the program.

"Military Justice" Is Meeting Topic

Attorney Graydon W. Smith will discuss military justice and courts martial procedure, and Lieut.-Col. Morris B. Montgomery will outline recent changes in the reserve program during a session at 8 p. m. today of the 641st composite reserve group, company H, 382nd infantry regiment and battery A, 418th rocket FA battalion in the Idaho power auditorium.

The meeting of the various units was announced by Lieut.-Col. Erwin Clement, commander of the 641st composite group. Colonel Montgomery, who is one of the speakers, is assigned to the Idaho ORC instructor group at Boise.

RITES HELD IN NAMPA

HAGERMAN, Aug. 13 — Funeral services for Earl Ramey, Hagerman, were conducted Tuesday at Nampa.

READ TIMES-NEWS WANT ADS.

Seen Today

Throngs of curious people inspecting 1911 Oldsmobile driven by Ohio tourist who collects and restores ancient "horseless carriages" . . . Young woman inquiring at post-office window if anyone had turned in purse she left there . . . Same young woman "all smiles" when postal employe returns purse to her . . . Two girls pointing to something or other and crying "Seen 'Today!" . . . Girl dashing to mail-box as soon as postman leaves, glancing through letters but looking glum when not finding the one she was looking for . . . Just seen: Worthy Olds in levis, Ormus Bates, Beverly Crowley, Claude Detweiler, Ken Hunter from Moscow, Gene Ostrander, Mrs. Bob White, Harry Elcock, Bill Garnett, A. W. Morgan and Mackey J. Brown . . . And overheard: Knothole Leaguer Billy Crow dashing into T-N office to ask if an umpire could change a decision.

Gary B. Smith, 3, Dies in Nebraska

HEYBURN, Aug. 13—Gary Barton Smith, 3-year-old son of Mr. and Mrs. Herbert Smith, Heyburn, died Aug. 8 in Nebraska while en route to the Mayo clinic for medical treatment.

Born Feb. 11, 1944, in Rupert, he is survived by his parents and one sister, Jo Ann, Heyburn.

Funeral services were to be held at 4 p. m. Wednesday in the LDS tabernacle in Rupert, with Bishop Peterson, Heyburn, officiating.

Burial was to be in the Rupert cemetery under the direction of the Goodman mortuary.

GED Tests Will Be Given Sunday

The final general education development test to be given in Twin Falls before the fall term of college begins will be held at 8 a. m. Sunday in the high school building, John D. Piatt, principal, announced Wednesday.

Passing the GED test will enable veterans who have not yet completed high school to become eligible for college entrance if they have met certain requirements. Piatt reminded all prospective students that this will be the final chance for the examination this summer.

Addison T. Smith To Talk at Picnic

FILER, Aug. 13—Addison T. Smith, congressman from the second congressional district for 20 years, will be the principal speaker at the Old Settlers picnic at the Filer fairgrounds Sunday.

The picnic will start at 1 p. m. with a no-host luncheon. All residents of the Twin Falls tract for more than 20 years are invited to attend.

A musical program has been arranged and coffee and ice cream will be furnished by the Old Settlers association.

Divorce Sought

Suit for divorce was filed Tuesday in district court by Hazel Gephart from Emery Gephart, on grounds of desertion and non-support. They were married in Fairfield on March 23, 1945, and have no children and no community property. Her complaint charges that he deserted her on April 23, 1946. She is represented by Attorney J. H. Barnes.

Romanian, 20; Asks Food in Note to Declo

DECLO, Aug. 13—A letter from a homeless Romanian in Germany, asking for food, was received recently addressed to the mayor of Declo. Inasmuch as this community boasts no such official, members of the village board were in somewhat of a quandary as to how to help the displaced person, whose native land is under Russian domination.

The letter was signed by Nikl Welsner, who writes he is a starving farmer 20 years of age. He gives his address as Hamburg, Altengamme Nr. 147, Germany. The possibility was expressed that Welsner picked the name of Declo at random from an atlas, feeling that the chance for help was as great at one place as another.

His letter follows:

"You sure will wonder about this letter, but it is my last hope. I'm homeless; born in Romania, but am at present in Germany. I have already asked for the permission to emigrate to America. But as it is not possible yet, I ask you to send this letter please to some person in your town or nearby, who is so good-hearted and in the position to send me some food. Because I'm starving here, and there is not food to be had anywhere.

"It is not nice to write to a stranger such a letter, but you must excuse me, Sir. The hunger forces me to ask you because I have no other hope, and have not even the *money* with which to buy another stamp for a letter to your great America. If you could only send me a little food, which perhaps means nothing to you, but it is a great help to me, for which I thank you all my life, kind Sir! I put all my hope in this letter, and think you will help me in this distress, in which I am without any guilt."

'Vandal Boosters' Group Organized

BOISE, Aug. 13 (AP)—Articles of incorpartion for Vandal Boosters, Inc., a non-profit statewide organization to "promote and foster athletics and good will toward the University of Idaho," were filed today with secretary of State J. D. (Cy) Price.

Charter members—including many prominent friends and alumni of the university—will meet within a few weeks to elect a board of directors. The directors will elect officers for the rest of 1947.

Original signers include Dudley Swim, investments, Harry A. Elcock, president Idaho State Chamber of Commerce, and Mitchell Hunt, building materials, all of Twin Falls, and Roscoe Rich, stockman, Burley.

VISIT IN CASTLEFORD

CASTLEFORD, Aug. 13—Mr. and Mrs. Chris Larsen, Richard Larsen and Doris Hyde, St. Helens, Ore., have been visiting at the Orville and Roy Hyde homes.

War Training Backers Slate Publicity Stir

WASHINGTON, Aug. 13 (U.P.) — Congressional backers of universal military training conceded today their only hope for action in 1948 is to whip up overwhelming public demand in the next few months.

Barring a major international crisis, they said, there appears little chance for a military training bill in an election year when legislators traditionally are more concerned with politics than with policies. Sponsors of the legislation planned to take their case to the people through the 48 state governors.

Proponents revealed that the governors will be bombarded with letters asking them to support UMT.

The house armed services committee has approved the UMT bill but it must receive the GOP leadership's stamp of approval to get to the floor. Backers hope that it can be made the first order of business at the next session. No hearings have yet been held in the senate.

The committee legislation would provide for six months of basic training for all American boys who are physically qualified when they reach the age of 18.

The basic training would be supplemented by the equivalent of six more months in the national guard, ROTC or other reserve components.

Probe Committee Leader Suggests Permanent Panel

WASHINGTON, Aug. 13 (U.P.) — Sen. Homer Ferguson, R., Mich., suggested today that the senate war investigating committee be junked in favor of a permanent joint congressional group.

Ferguson, who conducted the senate committee's inquiry into the Howard Hughes warplane contracts, said he believed a combined house-senate group could do a "more effective" job than the present committee. A joint group, he said, could maintain a staff of experts to prepare all cases to be aired publicly.

"The right of congress to investigate is fundamental," said Ferguson. "It is the only way the legislative branch can explode the I-am-the-state idea sometimes held by the executive wing of the government."

Gets Transfer

JEROME, Aug. 13—Robert Folkman, who has been assistant manager of King's store in Jerome for the past two months, has been appointed manager of the Blackfoot store. Mrs. Folkman and child will reside in Montpelier until they can obtain housing in Blackfoot.

Will Leaves Estate To Mrs. Roosevelt

GREENVILLE, Tenn., Aug. 13 (AP) —An estate unofficially valued at approximately $25,000 was left to Mrs. Franklin D. Roosevelt under terms of a will filed for probate in circuit court here today.

The will, written in 1941 by the late A. B. Starnes, who died last week in Fredericksburg, Va., leaves Mrs. Roosevelt a 150-acre farm in an almost inaccessible section of Green county about 16 miles from here.

Attested by County Judge S. W. Doty, the will named the late President Franklin D. Roosevelt as executor.

Starnes, a 71-year-old bachelor preacher, directed that Mrs. Roosevelt should get all his land and personal property with the exception of five acres on which stands the Starnes Sunrise church.

RETURNS FROM UTAH

SPRINGDALE, Aug. 13 — Mrs. Stephen Ellis spent a week in Salt Lake City visiting relatives and attending the centennial celebration. Her brother, Virgil Taylor, El Paso, Tex., returned home with her for a short visit.

More U-P Diesels

OMAHA, Aug. 13 (AP)—... tional diesel engines for road ... switching work have been ordered by the Union Pacific railroad from Fairbanks-Morse and company.

The engines, costing $1,500,000, are scheduled for delivery this year. Their purchase brings to $101,500,000 the amount earmarked for new equipment since V-J day, some $23,000,000 of which is being spent for diesel power units.

V-J PLUS TWO

Two years have passed since the horror of the atomic bomb ended the horror of the second world war. But talk of war remains because the seed of war remains. The struggle of the free man against the omnipotent state is only interrupted, not finished. There is no peace in sight until that struggle is ended, not by another conflict but by compromise and agreement.

It is clear now that the Soviet Union and the western allies were not united in a common cause. The war only partially obscured this true state of affairs. But then the mysterious Soviets were not only so indispensable to victory but so easily offended that one scarcely dared even think such a thought.

Now, however, relations between the United States and Russia and her satellites are of undisguised unfriendliness, if not hostility.

Because of this unfriendliness there is no sign, after two years, of any peace treaties with the major belligerents of World war II.

Because of this unfriendliness the United Nations, as noble and necessary in theory today as on the day of its creation, has grown increasingly ineffectual in practice.

Because of this unfriendliness there is no progress toward control of the manufacture and use of atomic weapons, and no progress toward the limitation of conventional armaments.

Almost every phase of important international relations is affected adversely by this struggle between human rights and the superstate. International trade and banking, relief, cultural relations and reconstruction are all checked whenever the two forces of democracy and communism touch them.

The two systems quarrel and strive over the bones of a defeated Germany. And the Germans remain sullen, self-pitying, unrepentant and apparently unregenerate largely because of this fact. The days of nazi glory are gone these two years and more, but the nazi spirit remains alive and menacing, and the uncertainty of the present struggle nourishes it.

Yet, in spite of this growing bitterness, war is unthinkable. It is not inevitable, although many people speak calmly, almost hypnotically, of its recurrence as if they could not remember what the last war was like and could not imagine what another one would bring.

No nation has emerged really victorious from World war II. The United States came closest to real victory, since it escaped enemy devastation and occupation. Next time it could not escape damage. Neither the United States nor Russia has ever been conquered. It may be that, in a physical sense, both are unconquerable. But that thought is frightening rather than encouraging.

The creation of a true peace is up to America, for Russia plainly does not want it except on her own terms. Peace will not be easy or inexpensive to achieve, but it will be infinitely easier and less expensive than war.

Those who would turn their backs on Europe today are playing squarely into the hands of the communists. Such a policy would abandon Europe to communism and thus doom our peaceful existence and threaten our cherished freedoms.

This struggle is essentially ideological, though it must be settled by materialistic means. And if the American government and its people want to preserve their freedoms and their way of life, they must accept two facts. Europe has to be built up to a point where it will not fall into the lap of communism through sheer exhaustion. And the United States must be made so strong that the Soviet Union will not dare provoke us too far.

SELLING CAPITALISM

The Swedish Retail federation is holding a congress next month in Stockholm, and has invited two officers of the American Retail federation to describe free-enterprise to retailers of socialist Sweden and other free European countries.

This seems like a wonderful opportunity to tell Europeans at first hand, and in an unofficial way, of the workings of the economic system on which free Europe plus its hopes today. An active, healthy capitalism is creating the prosperity without which the Marshall plan or any similar plan won't work. Here is a chance for two American retailers to do a bang-up job on a Grade A product. We hope they make the most of the opportunity.

UNDERSTATEMENT

One of the members of the House Un-American Affairs committee says that its investigation of Hollywood, scheduled for September release, "will be sensational." We would suggest that the first thing the gentlemen should investigate is Hollywood's adjectives.

No quickie producer would demean his worst turkey with the single, mild adjective of "sensational." So if the gentlemen of the committee are out to make a real production of their Hollywood epic they'd better hire themselves a Hollywood press agent who will start with "stupendous" and work up from there.

"Washington Calling" By Marquis Childs

Howard Hughes looks younger than his 41 years. There's more than a touch of Texas in the way he speaks—the short, terse sentences, the twangy voice. Typecasting by Hollywood would put Gary Cooper or James Stewart in the part.

Marquis Childs

The contrast with the senators who sat on the other side of the table could hardly be sharper. For one thing, it's the contrast between youth and age. That is an important element of the drama which hung the standing room only sign on the senate's caucus room.

In the duel before the senate investigating committee, Hughes stood for new ideas, for experiment, adventure. He has repeatedly risked his life in backing his own ideas.

The aviation industry is one place where new ideas should be welcome. In 25 years it has grown up from nothing. Yet there seems to be a strong desire to scale it down to the restricted monopoly pattern.

• • •

Not long ago, another young man appeared before a senate committee with a new and bold idea. He was Lieut.-Com. Langdon P. Marvin, jr., who, out of his experience with the naval air transport service during the war and his researches since then, has become an authority on air cargo. Young Marvin talks about the "new sea" and its vast potentialities for freight.

Appearing as a private citizen before an aviation subcommittee, he testified that his estimates showed 3,000,000 pounds of air cargo could be carried on a profit-making basis across the Pacific each year. Marvin estimated that this would bring in $2,600,000 in revenue for the airline, or airlines, carrying the cargo. He based this on a careful commodity-by-commodity study.

His estimates are in contrast to those which Pan-American airways furnished the civil aeronautics board. In arguing against granting a certificate of operation to another airline, Pan-American estimated that only 152,000 pounds of air cargo a year could be transported on the same route.

• • •

"I believe," Marvin said, "that if the airlines which have been granted international certificates by the government devoted as much study, time and effort to cargo as they have done during the past many years to passengers, they would discover for themselves that there is perhaps twice as much business to be had in the international field as they now anticipate."

Airline thinking, it would seem, is in terms of the past rather than the future. It takes boldness and imagination to project fleets of cargo planes across the new sea. That happened, as Marvin pointed out, during the war. In fact, the war could not have been won without the fleets of army and navy cargo planes that brought rare materials from the four corners of the earth. This was particularly true of the vital radar and radio program. The army air transport command and the naval air transport service carried millions of pounds of mica, quartz crystals, tantalite, stattite and other strategic raw materials from India and Brazil.

• • •

The customary answer is: Well, of course, that was done on a cost-plus basis at government expense. But the figures that Marvin and others have compiled show that a similar air cargo operation is practicable in peacetime at a profit.

A realistic examination of air cargo rates, both within the country and on the international routes, would probably show that they are too high. They are fixed for scarcity instead of expansion.

We must understand that this counts for more than mere profit and loss. A healthy airplane manufacturing industry is essential to national security. As young Marvin pointed out in his testimony, a fleet of cargo planes for peacetime use could be converted almost overnight to carry wartime cargoes. The same cannot be said for passenger planes.

The young are often brash and foolish. They are given to taking risks that often trip them up, but by taking such risks this country has become great. Monopoly and restriction mean old age and senescence. That should not occur in an industry still in its swaddling clothes.

VIEWS OF OTHERS

TIME TO LAY ALL CARDS ON THE TABLE

One more obstacle toward making the North Side Project Extension a reality has been overcome.

In a letter to James B. Bothwell, Twin Falls, counsel for the American Falls Reservoir District, R. J. Newell, Boise, regional director of the U. S. Bureau of Reclamation, with the approval of Commissioner Straus, rejected the recent offer of canal companies leasing the 433,000 acre feet of storage water, held for the Extension project, for its outright purchase.

While it is gratifying to know the Bureau of Reclamation favors the construction of the North Side Minidoka Project Extension project, this community must continue to show its interest in the project is to be completed. Mr. Newell's letter clearly shows that unless the several districts of the state now engaged in a controversy over this water can get together on a suitable program, that the Palisades dam, nor the Minidoka Extension, nor the Michaud Flats project can be constructed, and it is also well for us to remember that nearly twenty years ago an appropriation of a million and a quarter dollars was obtained from congress for the beginning of construction on the Extension, and that almost overnight it was taken away from us and diverted elsewhere.

Idaho has thousands and thousands of acres of land, as productive as any in the nation, that can be brought under cultivation with a little cooperation. By getting together on a program the state has an opportunity for greater development, perhaps, than almost any other state in the Union.

Cooperation only will be the means of constructing the Palisades dam and the impounding of a large amount of water for irrigation purposes and the creating of electric energy so vitally needed in the state.

Unless the warring factions in this water controversy can agree on a suitable program, Palisades Dam will not be built, nor will the Minidoka Project Extension, nor the Michaud Flats project be constructed.

It's about time to lay all the cards on the table.
—Minidoka County News.

NOW COMES THE LONG SKIRT

It's high time some woman with gumption led a revolt against the dictators of women's styles, who recently have directed that women wear skirts clutching them at an extremely awkward length somewhere about halfway between the kneecap and the ankle.

Mrs. Ruth Sorannon, president of the Western Women's Society for the Preservation of Short Skirts, of Phoenix, Ariz., has toured the battle cry of this arbitrary style dictatorship of the Eastern designers and reports the movement is meeting with approval throughout the country.

There is, of course, the ugly rumor going around that the new long skirts are being sponsored by a subrosa group of bow-legged women, supported by a powerful clique of women with so-called "piano legs." There's no proof of this, but it's going to be interesting anyway to see if the women submit submissively to the style dictators, who, naturally enough, would like to see every woman in the country buy an entire new wardrobe.—Oregon Journal.

SUMMER IS LIKE THAT

Many people otherwise well adjusted to their environment seem unable to reconcile themselves to the fact that in winter it is cold and in summer it is hot. Whichever season it is, they complain because the climate is not what it was the other season.

We wish to affirm, therefore, that we accept the seasons in their rotation, viz, summer, autumn, winter and spring, and the temperatures peculiar to each. It is a matter of no surprise to us that the weather is warmer in August and colder in January.

Every season, so far as we are concerned, brings its own rich gifts. In summer these gifts include the pleasures of a baking sun and the satisfaction of working up to a good lather. Those who moan and mope should not be heeded. They are Philistines in the presence of a season's loveliness. It is summertime, and hot, and anyone by whom that is not o. k. should be tred and feathered and ridden out of town on an icicle.—St. Louis Post-Dispatch.

POT SHOTS

GUSTY

Dear Pot Shots:
I agree with "Little Joe." Women's dresses should be shorter. How are we men who stand on the street corner and gaze at gals' pretty legs going to entertain ourselves now?

Just think—our favorite pastime of guessing whether the next gal's stocking seams will be straight or not is going up the wind. And speaking about the wind, it'll take stronger gusts.
—Loafer

• • •

COMPROMISE

Pot Shots:
Grandma got her man with skirts down to her ankles.
Mother got daddy with skirts above her knees.
We modern gals may not be as good as Grandma but we'll give our men a fighting chance—and compromise between Grandma and Mother.
Modern One

• • •

HALF MAST

Poiso:
A group of Twin Falls children was seen going through elaborate ceremonies of raising and lowering a flag from a pole mounted on a garage. Each day the children of the neighborhood would stand at attention and salute as their playmates raised the colors.
One day an 11-year-old boy dropped a hammer from the top of the garage onto the head of another boy standing below.
The next day the children were seen patriotically saluting a flag flown at half-mast.
C. Nit

KITTENS FOR KIDS DEP'T.

Dear P. S.
I was just reading in Pot Shots about the cat named Snowball. We also have a cat named Snowball and two kittens to give away. They are all white kittens—and there will be more soon. Call at the second lift pumping station at Declo for the Coles.
Cat Lovers

• • •

SOUTHERN DRAWL

Dear Poiso:
Was just going by the Idaho First Federal Savings and Loan company office and I'll bet the gold lettering on the door was put on by a southerner.
There it is in gold leaf: "Open Satudays 9 a. m. to noon."
I. Spotium

• • •

GOOD IDEA, AT THAT

For months—maybe even years—the Times-News headline writers have been using the words "people must assist congress" as a guideline on a particular style of headline. Those words just fit and the headline writing game is to write one that fits just as well.
The other day Ernie Hoff, the T-N wire editor, remarked: "I'm getting tired of writing 'people must assist congress.' Why can't we use 'congress must assist people' for a while?"
Suggestion to Ernie: How's about going back several years to the old guide line—"battle of beauty looms over?"

FAMOUS LAST LINE

. . . Sure hope we beat those Bees tonight.
GENTLEMAN IN THE FOURTH ROW

BOB HOPE

The University of California has just installed a machine that will make the crystal ball as outmoded as the five cent candy bar. They call it "the brain" and it solves problems by means of electric motors, push buttons, drawing boards and whirling cogs. It's sort of a John Kieran with gears.

Bob Hope

The scientists claim that if you want to know exactly what angle to fire a V-2 rocket, all you have to do is ask the brain. (Now there is a problem for the typical American house.) The brain can think 400 times faster than the most highly trained mathematician. Of course the guy behind the $2 window at Santa Anita has it beat a mile.

People come from all over the country to have the machine solve their problems. In fact, they even brought John J. Anthony on the end of the line.

Strange as it seems, the brain has the unusual faculty of memorizing numerous mathematical equations. Of course there's one mechanical difficulty that's apt to throw the whole invention off—amnesia.

There are no doubts as to the machine's accuracy. There can't be. They've got Joel Kupperman standing by checking the answers. Any questions?

HOW THINGS APPEAR FROM PEGLER'S ANGLE

NEW YORK—Ken Pettus, late candidate for chairman, or national commander, of the American Veterans' committee, has disclosed that many chapters are dying on the vine. This is a strange organization of service veterans and of seagoing civilians who profiteered and racketeered in the war on the merchant ships.

Among the latter are many communists and allens of all breeds.

Westbrook Pegler

The AVO appealed to mob avarice last year by advocating a federal dole of at least $25 a week for 26 weeks for unemployment of all kinds, including time lost due to labor disputes." This meant that this dole might be paid for life inasmuch as one period of 26 weeks could flow into another.

Mr. Pettus gives several reasons why many chapters have died. None of these reasons is as important, however, as the character, the background and the reticence of Ken Pettus himself.

Last year Pettus was elected to a place on the national governing body called the planning committee. He had been managing editor of the Pacific edition of the Stars and Stripes in Tokyo after the war and had been removed because of a "negative report on a loyalty check."

• • •

Before the war, he had been an editor of a publication of a CIO union notorious for its communist politics. The national headquarters of the AVC in New York deliberately deceived the rank and file veterans and all prospective members to whom it was appealing for adherence.

The official bulletin of the AVC published a false biographical sketch of Pettus. This biography said nothing about the "negative report on a loyalty check" in General MacArthur's command. It did not mention his work as editor for the mine, mill and smelter workers, whose rank and file membership last winter threw out the president, Reid Robinson, who had been Pettus' old boss, only after a long and fierce campaign that raged across the country. The AVC bulletin did say that Pettus, at that time, July, 1946, was employed as a news editor by the National Broadcasting company.

When this statement was published, Mrs. Irene Kuhn, the public relations director of NBC, immediately announced that it was a lie. Mrs. Kuhn wrote that Pettus had been employed by NBC before the war and that the company had been required by law to offer him the same job after his discharge. However, he had declined and now the broadcasting company was glad to be spared the problem of inspecting his copy for editorial bias.

• • •

Charles G. Bolte, then the chairman of the AVC, explained that the editors of the Bulletin accepted the biographical data offered by Pettus without question. Bolte and other national officers of the AVC were in a position to know the truth about Pettus.

Nevertheless the Bulletin published a sketch that was deceptive and misleading, when the truth would have deterred some prospective members form joining.

This year's convention was held in Milwaukee. Bolte withdrew to go to England and study.

An idea of the character of the AVC may be derived from some data on a number of members of the national planning committee. One is Michael Straight, 30, of New York, educated in England, where his mother lives on an old fortune derived from the firm of J. P. Morgan. She is the financial angel of Henry Wallace's pro-Soviet magazine, The New Republic. Straight somehow obtained pre-war jobs in the state and interior departments in Washington.

Hubert Will, Chicago, Roosevelt bureaucrat, attorney, former secretary to Sen. Robert Wagner, author of the Wagner act, former special assistant to the U. S. attorney-general and assistant to general counsel of OPA.

Franklin Roosevelt, jr., lawyer and habitual offender against the traffic laws, married rich.

Morris Pottish, born in Odessa, Russia. Former bureaucrat, as head of the OPA enforcement unit.

Robert Nathan. The AVC's own handout says Nathan's war service extended only from May through December, 1943, and that little with the office of strategic services. Drafting him was a difficult problem. Inveterate bureaucrat, with five government jobs in this country and one with the new French government. In the ostensible role of an impartial economist, Nathan wrote the notorious reports for the CIO which held that American industry could pay a 25 per cent wage increase without increasing prices or reducing profit margin.

Meyer Bernstein, former organizer for CIO steel workers. Now CIO "veterans' representative" in Washington union bureaucracy.

Bernie Bellush, Bronx, active in teachers' guild. Conducts "panel discussions" for adult educational council.

Fred H. Schmidt. First president Louisville CIO council.

Chat Patterson, the new national commander. Professional bureaucrat with student exchange division of state department and with coordinator of inter-American affairs.

• • •

The AVO frankly boasts in its bulletin for July, 1947, that it uses box office pressure to suppress freedom of speech and of the press. A "column" by one Buddy Burnside reports that a group of women members in Topeka "stopped buying milk" from a dairy company which sponsored the news broadcast of Fulton Lewis, jr., the best radio reporter in the world and the only initiative news reporter in the entire radio industry.

The milk company then dropped the broadcast and thus silenced Lewis, who had exposed many corrupt deals by crooked officers who were pets of the Roosevelt administration.

The same column in the AVO bulletin invites the members to organize similar pressure against newspapers to suppress equally embarassing disclosures (such as this essay) by John O'Donnell, of the New York News, and Westbrook Pegler, of King features.

LEGAL ADVERTISEMENTS

SUMMONS

IN THE DISTRICT COURT OF THE ELEVENTH JUDICIAL DISTRICT OF THE STATE OF IDAHO, IN AND FOR TWIN FALLS COUNTY.

Mabel Jordan, Plaintiff,
vs.
Earl Jordan, Defendant.

THE STATE OF IDAHO sends greetings to Earl Jordan, the above named defendant.

You are hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County by the above named plaintiff, and you are hereby directed to appear and plead to the said complaint within twenty days of the service of this summons; and you are further notified that unless you so appear and plead to said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint. This suit is to divorce you on the grounds of extreme cruelty.

Witness my hand and the seal of the District Court this 11th day of July, 1947.

Mother Given Custody Over Her Child, 1

Custody of 1-year-old Carolyn Faye Martin was awarded to her mother, Mrs. Winona Martin, following a hearing on a writ of habeas corpus Tuesday by District Judge James W. Porter, who absolved Mr. and Mrs. Harry M. Walters from further responsibility in reference to the child.

An answer to the writ of habeas corpus was given in district court at 10 a. m. by Mr. and Mrs. Walters, whom the writ commanded to bring the child before the court. Judge Porter postponed further action until 2 p. m.

At the afternoon session W. L. Dunn, Mrs. Martin's attorney, presented a motion to strike portions of the answer. His motion was denied by Judge Porter.

Lawrence B. Quinn, one of the attorneys representing Mr. and Mrs. Walters, told the court their only interest in the case was to determine their responsibility as to custody of the baby.

He reviewed the history of probate court orders affecting 12 "abandoned" children and stated he believed that the probate court still has jurisdiction but that its orders were void as no notice of hearings was served upon the parents.

First witness called was Mary Salmon, clerk of the probate court, who was asked if papers brought by Dunn constituted the entire case file. She testified that all material documents were there.

Walters was called for testimony concerning how the child came in his custody. He related that the Red Cross informed him of having a number of children, believed "abandoned," that he, his wife and the Red Cross representative considered the baby too young to be sent to a children's institution, and that he and his wife agreed to take care of the child. He testified that he does not desire permanent custody of the baby.

Similar testimony was given by Mrs. Walters who added she had given the baby the same care she would have given one of her own children. She also testified she did not desire permanent custody of the child.

Last witness was Mrs. Martin, who stated she now had a home and the facilities with which to care for her baby.

Help Sent Crew Fighting Payette Forestry Flames

McCALL, Aug. 13 (AP)—Thirty-five men recruited from Boise valley farms went into the fire lines today to bolster 85 others who have been trying for two days to check a blaze 10 miles northeast of the Big creek ranger station in the Payette national forest.

Dispatcher Harold Vassar said the augmented crew "should be able" to control the fire today. The flames made a "slight run" last night, Vassar said, licking through about 70 acres of grassland and scattered timber.

Vassar said most of the fire fighters were assigned to corral flames that have burned through five acres of valuable Douglas fir trees. That "spot fire" is separated from the main area involved.

Most of the land where the fire burned is of rim rock surface with only a few scattered trees, Vassar said.

The Boise national forest headquarters reported crews were proceeding with their "mop up" of two fires that devastated 2,800 acres of valuable timber lands last week. Cooler temperatures and higher humidity have lessened the fire hazard in both forests.

New Shop Plans Wendell Opening

WENDELL, Aug. 13—"The Cottage Shop," a new women's and children's ready-to-wear store, will hold its grand opening Saturday, Mrs. Mildred Schmell and Mrs. Ruth Barrus, proprietors, announced.

A style show will be held at 8:30 p. m. The shop will handle gifts for men and a line of men's sports shirts.

Spirit of the West to Show Here

Among the horses well known throughout this territory scheduled to appear in the Magic Valley Horse show Aug. 21-23 in Twin Falls, is this five-gaited registered American saddler, owned by Mrs. Jenny Stewart, the rider in this picture. The brown gelding's name is Spirit of the West, and he also shows in fine harness. Spirit of the West has appeared in many shows throughout this territory, as well as in Montana, and has been a consistent winner. (Staff photo-engraving)

VISIT AT PAUL

PAUL, Aug. 13 — Mr. and Mrs. Herbert Vent and three children, en route from Washington, D. C., to Ventura, Calif., visited here with Mr. and Mrs. R. G. DeLong and Mr. and Mrs. Frank Abodia.

VFW Group Sets Hunt Deal Probe

Jack R. Tiffany, commander of the Twin Falls post Veterans of Foreign Wars, appointed a committee Tuesday night to investigate the reason for omission of veterans preference in the call for bids on 112 buildings at the Hunt project.

The post made arrangements to donate to the Twin Falls polio fund 10 per cent of the receipts from its fight card at Jaycee park Aug. 20.

Veterans preference came up again in a report by R. L. Summerfield, chairman of the mayor's housing committee, who said that although the 40-house project started Monday was not for veterans exclusively they would receive preference.

The proposal was accepted by the post on the basis that whether for veterans or not any housing project will help alleviate the acute housing shortage here.

In New York, too!

NEW YORK, Aug. 13 (AP)—Manhattan police turned back the pages yesterday, and issued a general alarm for a stolen horse.

Owner William Todd said the animal, Flying Fortress, was one of four gymnastic horses used for exhibition purposes and was valued at 2,500. All were kept in an east side stable.

The police alarm described Flying Fortress as wearing steel polo shoes and a black Canadian officer's saddle.

LAME BACK CORRECTION

is pleasant and painless. Backaches may be associated with rheumatism, arthritis, lumbago, stomach and kidney disorders. If you have tried everything else try adjustments. Relief is often obtained after first treatment.

$2,080,316 Salaries

PHILADELPHIA, Aug. 13 (AP) — Twenty-seven top executives of 11 of the nation's oil companies received gross salaries totalling $2,080,316 last year, annual reports filed with the securities and exchange commission disclosed today.

High man out of the 27 was W. S. S. Rodgers, chairman of the board of the Texas company, New York, which with its subsidiaries comprise one of the largest organizations in the country engaged in the production, refining and distribution of oil. Rodgers' gross renumeration was $125,000.

Teacher Staff Set for Filer Grade School

FILER, Aug. 13—A complete faculty has been arranged for the opening of Filer grade school Aug. 25, Supt. R. W. Wilson announced today. Blanch Thorsted has been hired to fill the vacancy created in the third grade by the resignation of Lois Nicholson, who will attend the university this year.

The grade school curriculum has been enlarged with the addition of a beginners home economics class for seventh and eighth grade girls. All new electrical equipment has been installed in the buildings and new equipment has been added to the shop for seventh and eighth grade boys.

Departmentalization Set

The sixth, seventh and eighth grades will be departmentalized this year with each teacher having subjects in his field. The board of education has set a book rental fee of $2 for the first three grades and a fee of $2.25 for other grades.

A tuition fee of $5 per month per student and a bus fee of $5 a month has been set for all pupils attending from outside the Filer grade district.

Faculty Listed

Central school faculty includes Mrs. Lois Park, Mrs. Shirley Greener and Dean Musser for sixth, seventh and eighth grades; Mrs. Marie Greenwood, fifth; Mrs. Dorothy Witters, fourth; and Glen Baird, music and shop. Musser also will handle the *grade school athletic* program.

Victory school teachers are Mrs. R. W. Wilson, principal and second grade; Mrs. Lucille Baird, first grade; Mrs. Audrey Harvey, overflow for first and second; Mrs. Neva Hill, fourth grade and overflow for third; Miss Thorsted, third.

SELECTED FOR TRAINING

BUHL, Aug. 13 — Pfc. Johnny G. Ruyts, Buhl, has been selected for training in the signal school at Ft. Monmouth, N. J., according to word received here. He enlisted for three years in the army.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 8 of Nature's own digestive juices to mix better with your food. You get results: relief from indigestion so you can feel real good.

Buy Carter's Pills today, "Unblock" your intestinal tract for real relief from indigestion.

Group Pledges to Aid Kaiser's Plea

LOS ANGELES, Aug. 13 (AP)—The Western States council's steel committee's secretary has announced that the group will continue its efforts in behalf of Henry J. Kaiser's Fontana, Calif., steel plant in view of the reconstruction finance corporation's refusal to write off $80,000,000 in government loans on the plant.

James F. Bone, secretary of the steel committee, said: "Obviously the federal government cannot permit a continuation of a situation where one western steel mill is placed under a competitive handicap." Bone said the committee would continue to press for the principle that the west needs two steel mills, at Fontana and Geneva, Utah.

SAFETY CAMPAIGN

BOISE, Aug. 13 (AP)—Fish and game commissioners are preparing to wage another safety program which was started last year to cut down shooting accidents during the big game season. Director R. B. Murray said 300 posters will be placed in all checking stations and distributed to conservation officers to be displayed in the most conspicuous places.

Delegates for Pan-Am Meet Get Send-Off

WASHINGTON, Aug. 13 (AP)—President Truman sent the United States delegation off to the Pan American security meeting in Rio de Janeiro today with his best wishes for "a successful conference."

"I come to bid you gentlemen farewell, and wish you a happy and successful trip and a successful conference," Mr. Truman told the departing delegates at Washington national airport.

The United States delegation to the conference, opening in the Brazilian capital Friday, is headed by Secretary of State Marshall and includes Chairman Vandenberg, R., Mich., of the senate foreign relations committee and Warren R. Austin, U. S. delegate to the U. N. security council and former Republican senator from Vermont.

To "Set Example"

After the delegation had received the President's good luck wishes, Senator Vandenberg stepped to the microphones and declared he hopes "the Rio conference will set an example to the rest of the world."

Mr. Truman commented, "I agree with that."

Secretary Marshall, replying to the President's brief, informal speech, said that he and his colleagues are flying south "in the interest of what is very important in the world of today—the solidarity of the western hemisphere nations."

Austin said the "unique thing about the western hemisphere is the development of unity out of diversity."

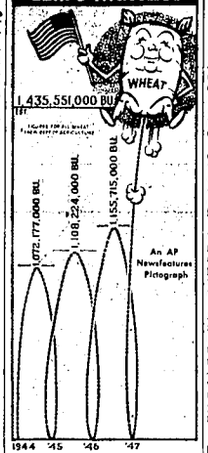

"Endless Possibilities"

He called the forthcoming conference of foreign ministers the "second chapter in the act of Chapultepec, with endless possibilities for world peace."

The act of Chapultepec, drafted in Mexico in 1945, was a plan for integrating the solidarity of the western hemisphere through military and political cooperation.

The Rio conference, which Mr. Truman himself may address when he attends the closing phases, was called to write a formal military defense treaty for this hemisphere.

U. S. Wheat Production LEAPS HIGHER

U. S. Nabs Four As Cache Found

BERLIN, Aug. 13 (UP)—American authorities have arrested four Germans and seized an illegal cache of war materials reportedly intended for an allied military mission in Berlin, it was disclosed today.

The war materials included military radios and teletypes with scrambling devices to permit the machines to code and decode messages.

American military government officials said the Germans and the banned equipment were found in the American zone of Berlin. American officials said German informants had named an allied military mission in Berlin as the purchaser or some of the equipment.

Americans did not identify further the source of the reports, or confirm the charges. The military mission suspected of buying illegal equipment was not blamed.

Graves Appointed Gooding Deputy

GOODING, Aug. 13 — Alvin Graves, who was born and reared in Gooding county, was appointed deputy sheriff Monday by Sheriff Russell E. Cecil, and was sworn into office by J. D. Renfrow, chairman of the county commissioners.

Graves is a veteran of four years service in the navy, two of which were spent in the Aleutian islands. He is married and is the son of Mr. and Mrs. Glenn Graves.

He succeeds Ralph Schwarzkopf who resigned recently to accept appointment to the state police force.

Argentina to Plea for Aid Plan to West

RIO DE JANEIRO, Aug. 13 (AP)—Some diplomats here for the inter-American conference on hemisphere defense, which opens Friday, predicted today that Argentina would insist that measures for economic cooperation—a possible "Marshall plan" for Latin America—be included on the agenda.

The United States, already heavily committed to economic aid for Europe and Asia, was expected, on the other hand, to insist that such considerations be left over for the conference scheduled for January in Bogota.

Disclosure of the respective attitudes of the United States and Argentine delegations regarding inclusion of an economic clause in the projected defense treaty was awaited with sharp interest by the delegations already here.

Some delegation sources, recalling Argentine President Juan D. Peron's recent offer of aid to economically distressed Latin American countries, and noting that the big Argentine delegation—which is due today—contained some top economic advisers, said they felt sure that Argentina intended to take the lead in pressing for economic cooperation measures now.

Nazi Plant for Sale

WASHINGTON, Aug. 13 (AP)—The first nazi industrial plant to be received by the United States as war reparations was offered for sale tonight to the highest American bidder.

The plant, which turned out about 250,000 tons a month of aluminum foil, used in peacetime for such purposes as cigarette and chewing gum packages, was seized at Tenningen, Baden, in the French occupation zone.

Funeral Is Held For James Evans

BURLEY, Aug. 13—Funeral services for James Thomas Evans were held at the first ward LDS church with Hazen Hatch, counselor, in charge.

The organ prelude and postlude were played by Barbara Hall. Alma Tilley gave the invocation. Speakers were John Bowen, Alfred Knight with benediction by Krel Gudmundsen. Musical numbers were provided by the Singing Mothers under the direction of Mrs. K. G. Barlow. Albert Holyoak, accompanied by Mrs. Weldon Beck, and Mrs. Leona Hall and Mrs. Rhetta Payne, accompanied by Barbara Hall, also sang. Burial was in the Burley cemetery under the direction of the Payne mortuary with the grave dedication by Clarence Randall.

Flowers were in charge of the first ward relief society under the supervision of Mrs. Florence Coster.

Pallbearers were Le Roy Waters, Dean Waters, John Thompson, Elwood Thompson, Kay Richardson and William Scott.

Varied Social

Bride-Elect Honored

Eda Fay Pearson, bride-elect, was honored at a pre-nuptial lingerie shower Wednesday evening, Aug. 6, by Bonnie Tulloch, Dolores Reed and Anita Miracle. The affair was held on the lawn at the Tulloch home.

A mock wedding was staged in front of a miniature altar. Guests participating in the ceremony were Joyce White, preacher; Shirley Miller, bride; Judy Parkinson, bridegroom; Laurine Nelson, best man; June Geer, maid of honor, and Dorlene Pearson, the bride's father.

Games were played during the evening with prizes going to Miss Parkinson, Miss Pearson and Helen Greenhalgh. The guests were divided into groups and each wrote a song dedicated to the future bride and bridegroom. A prize for the most novel song was presented to Shirley Miller, June Geer and Helen Greenhalgh.

The bride-elect's gifts were presented to the honoree from a decorated cart pulled by Linda and Karen Peatholdt. Refreshments were served by the hostesses.

Class Holds Picnic

Members of the Mary Martha class of the First Baptist church held a covered dish picnic and business meeting Tuesday afternoon at the city park.

Mrs. Clyde Guffey presided at the business meeting which opened with the class song. Mrs. W. A. Farley led the group in prayer and Mrs. Pansy Kingsbury gave devotionals. Plans for the year's white cross work were discussed.

During the social hour each member told of her summer vacation trip. Thirty members and four guests attended the picnic. Guests were Mrs. James Herett, Miss Garten, Missouri; Mrs. Henderson and Mrs. W. E. Hiatt, Oregon.

Mrs. Clyde Guffey will be hostess at the September meeting.

* * *

4-H Club Meets

Members of the Lucky Canning club met Friday at the home of Mrs. Harold Hainline. The business meeting was conducted by Haroldine Hainline. Roll call was answered with "What Products I Have Frozen This Year."

The making of the banner for the 4-H parade at the Twin Falls county fair was planned. Mildred Malone demonstrated freezing whole kernel corn and corn on the cob. Miss Hainline demonstrated canning beets. Refreshments were served by Mildred Winkle.

The next meeting will be held Aug. 22 at the home of June Huffman. Mildred Malone will be co-hostess.

* * *

Calendar

Marcs Women's club will meet at 2:30 p. m. Thursday at the schoolhouse. Mrs. Jennie Hill and Mrs. Roy Jackman will be hostess.

* * *

Twin Falls second ward LDS Relief society will hold an all-day work and business meeting Thursday at the second ward chapel. The session will begin at 10 a. m. and a potluck luncheon will be served at noon.

* * *

Members of the Shamrock club will meet at 2 p. m. Thursday at the home of Mrs. Don Stafford.

* * *

The Challenger class of the First Baptist church will hold its annual family picnic at 7 p. m. Friday at the home of Mrs. M. E. Shotwell, 205 Buchanan street. Each family is asked to bring a covered dish and table service.

* * *

The August meeting of the WCTU has been postponed one week. It will be held Friday, Aug. 22. The place will be announced Wednesday.

* * *

Circle 10 of the WSCS of the Methodist church will not meet during the month of August. The next meeting will be held in September at the home of Mrs. Irma Personius.

* * *

A special business meeting of the Business and Professional Women's club has been called by Mrs. John Graham, vice president. The meeting will be held at 6:30 p.m. Thursday in the city park following the regular Thursday evening potluck dinner.

* * *

* * *

BURLEY, Aug. 13—Mildred Mae Mackie, daughter of Mr. and Mrs. Elmer O. Mackie, Declo, and Tad Wolf, son of Mr. and Mrs. Freeman Wolf, Burley, were united in marriage at a nuptial mass celebrated at 11 a. m. Sunday in the Church of The Little Flower. The Rev. Father Francis J. O'Driscoll was the celebrant.

The ceremony was performed before an altar banked with white gladioli. Baskets and bouquets of the same flowers formed the other church and pew decorations.

The bride wore a white silk chantilly lace and tulle gown embellished with a veil of silk bride's illusion which fell from a tiara fashioned from the same lace. She carried a white orchid tied with ribbon streamers. The bride was given in marriage by her father.

Phyllis Novosel, niece of the bride, was the maid of honor; Virginia Lynch and Pat Stephenson were attending matrons, and Yvonne Wolf, sister of the bridegroom, and Rosemary Steelsmith, were brides-maids. The bride's attendants all wore identical gowns of white taffeta with halo caps and veils. They carried white gladioli and carnations. John Novosel was best man and ushers were Gail Wolf, James Lynch, Perry Stephenson and Bryant Lyons. After the nuptial mass the bride placed her orchid at Our Lady's altar and the choir sang "Mother at Your Feet We're Kneeling." William Novosel was vocalist, accompanied by Mrs. Paul Zillner, who also provided processional and recessional music.

The bridegroom's mother wore a blue dress with black accessories and the bride's mother wore a pink dress with pink and blue accessories. Both wore corsages of pink roses.

A reception at the parish hall followed the ceremony and was attended by 200 guests. Background music was provided by Mrs. Paul Zillner on the violin accompanied by Mrs. John Rue.

The reception table was centered with a three-tiered wedding cake encircled with white gladioli flanked by lighted tapers in silver candelabra.

Assisting at the wedding were Mrs. C. A. Bauer, Mrs. Mike Novosel, aunt of the bride; Mrs. John Chisholm, Mrs. Don Chisholm, Mrs. J. W. Davis, Mrs. Don Grayot and Mrs. R. J. Burke.

Mrs. Frank D. Wells and Mrs. Lawrence J. Radloff poured. Mrs. Harley Maggart was in charge of the gift book and Mrs. Kenneth McIntyre assisted at the gift table. Dorothy Larsen, Joan Wolf, Thelma Lyons and Ruby Burke assisted in serving refreshments.

The bride attended Declo and Burley schools, Southern Idaho College of Education, Los Angeles college and St. Mary's college of Notre Dame at Holy Cross, Ind.

The bridegroom attended the Burley schools and Idaho State college at Pocatello.

For her traveling ensemble the bride wore a gray gabardine suit, orchid corsage and black accessories. The couple left Sunday afternoon for Yellowstone park, following which they will make their home in Burley.

Varied Social

Hold Regular Meeting

Women of the Moose met Friday evening at the Moose hall with Katherine Pope, senior regent, presiding.

Pilgrim Ersal Cornelison, Fort Hall, was a special guest at the meeting. Other guests were Viola Harris, Eva Seding and Ruth Murphy, all of Buhl.

Ruth Heinrich, junior regent, furnished the mystery box which was won by Eloise Carlson, recorder.

Standing committee reports were made by the following chairmen: Vera Woolley, membership; Maxine Carlson, publicity; May Lozier, social service, and Ruth Murphy, alumni association.

Plans were made for the fellowship dinner which will be served Aug. 17 by the Women of the Moose. The next regular meeting will be held Aug. 22.

The organization held a special meeting Friday afternoon at the home of Katherine Pope. Ersal Cornelison was a guest and conducted the meeting. A lunch was served by the senior regent.

Californians Honored

Mr. and Mrs. Ross Taylor, Santa Anna, Calif., former residents of Twin Falls, were honored at a lawn party Monday evening at the home of Mr. and Mrs. Thomas H. Combs, 388 Jefferson street.

During the evening a program was presented which included readings by Mrs. Combs, songs by Robert Palmer and banjo numbers by Combs. A family band composed of Mrs. Combs, druma; Robert Palmer, trombone; Mrs. Robert Palmer, piano, and Combs, banjo, concluded the program.

Dinner was served in the garden of the Combs home. Guests were Ray Beauchamp, Mr. and Mrs. Gene Taylor and Mr. and Mrs. Palmer and the honorees.

Mrs. Taylor is the former Grace Hartfield who came to Twin Falls in 1908. She and her husband have resided in California for the past few years. The couple will return to the coast this week.

MRS. WINFIELD S. KIRCHER
(Ambrose photo-staff engraving)

* * *

JEROME, Aug. 13—Before an altar decorated with peach and white gladioli, Virginia Helen Janes, daughter of Mr. and Mrs. William Janes, Wendell, became the bride of Winfield Scott Kircher, jr., son of Mr. and Mrs. Winfield S. Kircher, Defiance, O., at 2 p. m. Sunday, Aug. 3.

The double ring ceremony was read by the Rev. Father E. A. Schermanson at St. Jerome's Catholic church.

The bride, given in marriage by her father, wore a gown of traditional white with a sweetheart neckline, long sleeves and full skirt entrain of shadow organdy. Her finger-tip veil was draped from a halo of seed pearl orange blossoms. She carried a shower bouquet of yellow roses and stephanotis, centered with a white orchid, which was her going away corsage, and a rosary which belonged to her grandmother. For "something borrowed" she wore a strand of pearls belonging to her sister, Mrs. Frank Mobley.

Lucille Gunning attended the bride as maid of honor. She wore a yellow gown fashioned with a taffeta bodice and full net skirt. She carried a bouquet of talisman roses and blue delphinium and wore a tiara of matching flowers.

Donald Stroh, Gooding, was best man and the ushers were Richard Kress, brother-in-law of the bridegroom, and Frank Mobley, the bride's brother-in-law.

The bride's mother wore a black and white street-length dress of crepe and net with white embroidery and white accessories. Her corsage was of white glamellias and stephanotis. The bridegroom's sister chose a pink and white frock with black accessories and a corsage of pink roses.

Immediately after the ceremony Madelyn Sanberg sang "Thanks Be To God" accompanied by Joyce McMahen, who also played the wedding music.

A reception was held at the home of Mr. and Mrs. Frank Mobley following the wedding. The reception table was centered with a three-tiered wedding cake topped with a miniature bride and bridegroom. Bouquets of gladioli and a large rose designed candle also decorated the table. The wedding cake was cut in traditional manner by the bridal couple. Mary Moeller was in charge of the guest book.

The couple left for a three week's trip to Ohio where they will visit the parents of the bridegroom and other relatives. For her traveling ensemble the bride chose a navy blue afternoon dress with lace trim and white accessories.

The couple will return to Jerome this fall where Kircher will be employed as band and orchestra director at the Jerome high school. They will make their home at the John Wesley apartments.

Out-of-town guests at the wedding were Mr. and Mrs. Richard Kress, Defiance, O.; Mrs. Charles Over, Mr. and Mrs. William I. Gilliland and Glenna Earnest, Welser; Mr. and Mrs. R. M. Gunning, Wendell, and Mr. and Mrs. Ben Janes, Buhl.

Social Situations

SITUATION: You have a date for a movie and there is a line at the ticket window.

WRONG WAY: Stand in line with your escort while he buys the tickets.

RIGHT WAY: Stand to one side of the line while your escort gets the tickets, so that you won't be in the way.

To Fight Here

LOUIS RUYBOLID

. . . Denver lightweight who has been signed to fight Buddy Washington in the 10-round main event of the VFW card at Jaycee park a week from Wednesday night.

* * * *

Denver Boxer Signed as Foe Of Washington

The signed contract to appear in the 10-round main event on the Veterans of Foreign Wars el fresco boxing program at Jaycee park on the night of Aug. 20 has been received from Louis Ruyhalid, colorful Denver lightweight. Matchmaker Bill Bell announced last night. The Denver university student, who is "working his way through school by fighting, will oppose Buddy Washington, Pocatello's sensational boxer, in the boxing piece de resistance.

Although with the contract, Ruyhalid sent Matchmaker Bell a batch of clippings, two of which proved highly interesting. One told of his knockout over Ray Alvarez, who gave Washington a tough evening not too long ago. Another carried the story of his four-round knockout of Pete Vigil, Denver, a lad who made Washington go all out to gain a 10-round decision.

Ruyhalid has been fighting since 1941 when he won his first amateur tournament. In 1943, he carried off the Colorado Springs YMCA crown. Then in 1944, the youngster carried off the central Pacific seabee championship and went on to take the all-service title at Guam, defeating the army, navy and marine champions.

Since returning from the service, the Denver boy has had six bouts, winning five and losing one on a split decision. He is trained by Maxie Starr, a lightweight who has fought Beau Jack and Willie Joyce among others.

Matchmaker Bell is now busy lining up the preliminary events for the contemplated 34-bout card.

Keel's Co-Eds Oppose Boise, Cokes Play Caldwell in Girls' State Softball Tourney Openers

IDAHO FALLS, Aug. 13 (AP)—Eight teams will clash here Saturday and Sunday to determine Idaho's 1947 state girls' softball championship.

Joe Blenkle, Idaho Falls, state commissioner, said the tourney would be without a defending champion, as a result of the withdrawal of the Butane Bombers, Nampa. The team decided this afternoon not to compete, Blenkle said.

First round games will be played Saturday, beginning at 4 p. m. The winners will clash in two games Sunday, beginning at 2:30 p. m., and the championship battle is set for Sunday at 8 p. m.

The first-round pairings: Keel's Coeds, Jerome, vs. Statesman Newsettes, Boise. Coca Cola, Twin Falls, vs. Carton Printers, Caldwell. Idaho Falls vs. Nampa Bowling Center. Menan vs. Carlton Grocerettes, Boise.

Here are Keel's Co-Eds of Jerome, district softball champions who will oppose the Boise titleholders in the opening game of the girls' state tournament beginning at Idaho Falls Saturday. They are, left to right: Top row—Beverly Neaves, Irma Lee Skiver, Ina Jo Moorz, Malinda Stoler, Jim Keel, sponsor; Helen Gentry, Yvonne Driesel; bottom row—Bonny Brackenberry, Coleen Gardner, captain; Dolores Jones and Paddy Boyd.

SPORTS

ROSE HURLS AGAINST BEES

On the SPORT FRONT With YOSS

(The Fudgy One)

Ye Olde Sport Scrivener is following quite closely the boxing career of Lyman Holloway, the Jerome lightweight, as he cuts a swath through the 135-pounders in the Pacific northwest. That YOSS does is because he feels that the lad who won two Golden Gloves tournament championships here is the Magic Valley's bid bet for national fistic renown.

The ancient word puddler learned through "Uncle" Frank Davis, who can talk all day about nephew Lyman, that Holloway had rung up another kayo in Seattle.

The fighter this time to feel the power of the Jerome boy's fists was Freddy Marshall, an importation from San Francisco. He had Marshall down in both the first and second rounds and then ended the evening work by spanning the Frisco fighter on the canvas for the full 10 with a left hook smack dab on the button in the third frame.

Lyman will next go to the fistic wars on Aug. 25, this time probably in a main event.

Perhaps if boxing perks up here under the sponsorship of the VFW, Twin Falls can afford to have Holloway back here for a main event against some good boy.

That nearly occurred for the Aug. 20 card that the matchmaker Bill Bell will stage at Jaycee park. He tried to pair Lyman with Buddy Washington in the feature of that program. However, Washington insisted that the Jerome fighter, now boxing out of Tacoma, make 134 pounds and Holloway's manager declined. However, Holloway offered to come in at 135, the lightweight limit.

YOSS sees Holloway's point. Making weight that isn't natural has sapped the vitality of many a fine fighter in the past.

AND THAT'S THAT FOR NOW, except: What's this Pioneer league coming to anyway? . . . There were 81 runs scored in Monday night's three games . . . That's an average of 13 per team.

Cards Remain 3 Games Behind Dodgers as Both Teams Lose

ST. LOUIS, Aug. 13 (AP)—Southpaw Johnny Schmitz of the Cubs handed the Cardinals their second loss in 13 starts, putting the soft brake on their stretch drive in pursuit of the Brooklyn Dodgers. The score was 2 to 1. The defeat left St. Louis three games behind Brooklyn.

Don Johnson singled across Bill Nicholson with the winning run in the sixth.

New Cowboy Hurler Makes Debut Tonight

By GEORGE F. REDMOND
Times-News Sports Editor

The Magic Valley fans will have an opportunity tonight of seeing in action—against the Salt Lake City Bees—the pitcher who in 1946 was voted the "most valuable" player in the Wisconsin State league by reason of a record that showed 17 victories and a single loss and who, as a result, was assigned to the top minor club in the New York Yankee organization—the Newark Bears of the International league. That proved just a bit too wide a jump for the Missourian, who had only the single season of organized ball behind him, and as a result he is wearing the uniform of the Cowboys today.

And if Bill Rose—no relation to the gent of Diamond Horseshoe fame—proves as good as his last year's record says he is, the Cowboy victory song, "The Rooster and the Hen," will be sung justly under the showers of the dressing room tonight.

Pilots Also Lose

The Cowboys lost to the Bees, 13-3, in the opening game of their four-contest set last night, but the defeat didn't hurt as much as surprised by the 1,325 fans as they left the park for the reason that the leading Boise Pilots also lost and their advantage over the Wranglers remained at one game. However, the Bees climbed within half a game of the Cowboys and one-contest and a half from the lead, which the fans could not like, at all.

Manager "Tommy" Thompson sent his best hurler, Bob Drilling, against the Cowboys and he held the home towners to eight hits, including a two-run homer by Bob Koraleski, stocky third-sacker.

Meanwhile, the Bees pounded southpaw Wallie Eads and Dick Walkingshaw for 13 safeties, which also included a homer manufactured by Bob Collins.

The Bees got away in the lead in the second when Hal Loewe singled off Jacinto's glove and Koraleski smacked his homer over the left field wall. Another run was added when Dandelson reached first on Drilling's error—due to touch first after taking Cecil's toss—and Eads doubled to right center.

Jacinto's walk, Baccicoco's single on which the former went to third and a wild pitch produced one run for the Bees in the third, while Rymer's walk and a double steal sent Baccicoco over the plate with the second.

Singles by Dalton and Robb, Collins' walk, Eads' single, a walk to Jacinto and Baccicoco's one-baser produced four Bee runs in the fourth.

Collins Gets Homer

In the seventh, Rymer doubled to center, Dalton sacrificed and Robb's single to right center sent the center-fielder home. Collins then smacked his homer with Robb scoring ahead of him. Walkingshaw then arrived on the scene and put an end to the uprising momentarily.

The final three Bee runs came in the eighth. Jacinto walked, Baccicoco got a one-baser to center and Cecil beat out a bunt along the third-base line. Rymer's single between third and short sored Jacinto and Baccicoco and Cecil came home as Dalton hit into a double-play.

Singleton Hit 4-Run Homer To Beat Boise

BOISE, Aug. 13 (AP)—A seven-run uprising in the third, including a four tally homer by Lee Singleton, gave the Pocatello Cards all they needed to dump the league-leading Boise Pilots as they hung up a 9-6 victory.

The circuit clout was one of 10 singles the Cards got off Jim Hicks who went all the way for the Pilots. Jim Glimpse held the Boise club to eight hits.

Twelve errors, eight of them by Boise players, marred the contest. Jim Daniels of the Pilots was guilty of four.

Jerome Open Golf Tourney's Medal Round to Begin Sunday

JEROME, Aug. 13 — The first annual Jerome open golf tournament of the Jerome Country club will get under way Sunday when the first entrants play their 18 holes in the qualifying round, Chuck L'Herisson, tournament chairman, announced last night.

The golfers will be given until Aug. 28 to complete the qualifying round.

The four rounds of match play will be staged on Aug. 31-Sept. 1 with 18 holes morning and afternoon of the two days.

Attractive trophies have been obtained for the event.

Most of the field expected in the later Magic Valley Open at the Twin Falls municipal links are expected to compete in the tourney here.

Former A's Star, Harry Davis, Dies

PHILADELPHIA, Aug. 13 (AP)—Harry H. (Jasper) Davis, one of baseball's greats just after the turn of the century, is dead.

Davis, 74-year-old ex-captain of Connie Mack's pennant winning Philadelphia Athletics, the American league's leading home run hitter for four straight years and then manager and scout, died Monday night of a stroke at his home here.

Of the 38 corps and division commanders of the AEF in France at the end of World war I, 34 were West Pointers.

A Local Lady Spit Up Acid Liquids for Hours After Eating

For hours after every meal, a local lady used to spit up a strong, acidulous liquid mixed with pieces of half-digested food. She says it was awful. At times she would nearly strangle. She had stomach bloat, daily headaches and constant irregular bowel action. Today, this lady eats her meals and enjoys them. And she says the change is due to taking INNER-AID. Her food agrees with her. No gas, bloat or spitting up after eating. She is also free of headaches now, and bowels are regular, thanks to this Remarkable New Compound.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores.—Adv.

Russets Get 16 Hits, Beat Reds

IDAHO FALLS, Aug. 13 (AP)—The Idaho Falls Russets got to Ed Schlenker, Ogden tosser, for 16 hits tonight to force a 7-2 victory in the first game of a new series.

Markets and Finance

Stocks

Markets at a Glance

NEW YORK, Aug. 13 (AP)—
Stocks—Mixed; special issues advance.
Bonds—Quiet; price changes narrow.
Cotton—Steady; trade and local buying.
Chicago:
Wheat—Steady; trade light.
Corn—Weak; showers in western corn belt.
Oats—Eased at close with corn.
Hogs—Unevenly steady to 50 cents lower; practical top $28.25.
Cattle—Mostly steady to 25 cents higher; top $34.25.

NEW YORK, Aug. 13 (AP)—Timid demand lifted assorted aviations and special stocks today but, despite sizable trades in low quoted issues, dealings were negligible and many leaders failed to shake off minus signs.

The ticker tape dozed during the greater part of the proceedings. Mining stocks pushed up in the forenoon, then reverted to inertia. Motion pictures did little or nothing. Gains of fractions to a point or so were well distributed at the close although declines of as much persisted. Transfers for the five hours held to about 700,000 shares.

Packard Motors accounted for a big percentage of the day's volume, coming out on blocks running to 64,600 shares. It finished off ⅛ at 5. Offerings here were reported to have been from estate holdings.

Master Electric was buoyed by a pleasing dividend and International Paper by cheering earnings. Ahead most of the day were Homestake Mining, Dome Mines, McIntyre Porcupine, American Woolen, J. I. Case, Glenn Martin, Boeing, Douglas Aircraft, Chrysler, Southern Pacific, Allied Chemical and Texas Co.

Laggards included Goodrich, American Telephone, West Indies Sugar, Dow Chemical, International Harvester, Santa Fe, Johns-Manville and Philip Morris.

Street sales: Illinois yellows 1.60-2.00; California whites 1.90-2.25; Michigan white boilers (25 lbs.) 1.65.

LIONS DONATE $500

FAIRFIELD, Aug. 13—The Lions club of Fairfield has voted to donate $500 to the American Legion memorial building fund.

Grain

CHICAGO, Aug. 13 (AP)—Corn broke sharply at times on the board of trade today as thundershowers were forecast for parts of the main corn belt and country offerings of cash grain expanded. Wheat and oats were steady despite the corn downturn.

The September corn contract bore the brunt of the selling, dropping more than 6 cents at times. Other deliveries were off a few cents.

Wheat closed ¼ lower to ½ higher, September 2.35-2.35¼, corn was 4½-7¾ lower, September 2.24-2.24½, and oats were ½-⅞ lower, September 1.01¾-⅞.

KANSAS CITY GRAIN

KANSAS CITY, Aug. 13 (AP)—Wheat 686; 2 higher to 4 lower; good demand. No. 2 hard and dark hard $2.26-35½; No. 3, $2.25½-36¾; No. 2 red $2.28-31¼; No. 3, $2.28-32¾; Sept. $2.25¼; December $2.24¼-½; May $2.19.

Corn 68; unchanged to 3 lower; good demand; No. 2 white $2.70-85 N; No. 3, $2.60-84 N; No. 2 yellow and mixed $2.30; No. 3, $2.22-32 N. September $2.23; December $2.06.

Oats 10; unchanged to ½ higher; good demand; No. 2 white $1.03; No. 3, $1.00-1.03 N.

Milo maize and kafir $3.30-45 N.

Rye 2.25-30 N.

Barley $1.56-64 N.

PORTLAND GRAIN

PORTLAND, Ore., Aug. 13 (AP)—Cash wheat (bid): soft white 2.21½; soft white (excluding rex) 2.21½; white club 2.21½; western red 2.21½.

Hard red winter: Ordinary 2.21½; 10 per cent 2.22; 11 per cent 2.28; 12 per cent 2.36.

Hard white Baart: Ordinary 2.27; 10 per cent 2.31; 11 per cent 2.39; 12 per cent 2.47.

Today's car receipts: Wheat 66; barley 6; flour 5; corn 2; oats 4; hay 1; millfeed none.

Eggs: Top firm, balance irregular; receipts 11,850; dirties 34.5; checks 33-34; others unchanged.

Ike Says Alaskan Defenses OK, but 'Not Big Enough'

FORT LEWIS, Aug. 14 (AP)—The state of Alaska defenses is not alarming but the United States should awaken to world conditions and keep such defenses "built up," Gen. Dwight D. Eisenhower, army chief of staff, said today.

Returning from a two-weeks tour of Alaska military installations which took him north of the Arctic circle and to Adak and the tip of the outer Aleutians, General Eisenhower told a news conference he was satisfied with the "quality" of the defenses, but not with their extent. He flew back here late yesterday.

The Philippine islands, at the outbreak of World war II, he said, are an example of what can happen when such outposts are not properly defended.

He and his party planned to travel by motor convoy to Seattle and inspect Boeing field and the Boeing Aircraft company plant there today, before returning here tonight.

RETURNED HOME

SHOSHONE, Aug. 13—Mrs. N. E. Morrison, who broke her hip in a fall three weeks ago, was brought from St. Valentine's hospital, Wendell, in an ambulance Monday to the Ed Walker home, Shoshone.

Livestock

DENVER

DENVER, Aug. 13 (AP)—(USDA)—Cattle salable and total 2,000; calves salable and total 250; good to choice fed steers strong to 25 higher; top 30.35; new high; others 29.50-30.25; few heifers steady to strong; good to low choice 27.00-29.25; calves and vealers around steady; cull to good vealers 11.00-21.00; comparable heavy calves 12.00-21.00; bulls and cows weak at Tuesday's lower close; few common to good beef cows 14.00-17.50; stockers and feeders about steady; common to good steers 15.00-22.85.

Hogs salable 600; total 1,600; generally around 50 lower; good and choice 180-260 lbs. 27.50-28.50; few good to choice under 4000 lb. sows 20.00-23.00.

Sheep salable and total 2,500; nothing done early; choice trucked in slaughter spring lambs Tuesday 23.25.

CHICAGO

CHICAGO, Aug. 13 (AP)—(USDA)—Hogs salable 7,500; total 9,000; 25-50 lower; bulk good and choice 170-240 lbs. 27.50-28.00; good and choice sows under 350 lbs. 22.25-24.00.

India's Moslems Seek U. N. Entry

LAKE SUCCESS, Aug. 13 (AP)—A representative of the provisional government of Pakistan contended today that the Moslem-dominated dominion in partitioned India should automatically become a member of the United Nations along with the Dominion of India.

He said, however, that if Pakistan's view was incorrect, the new dominion would take appropriate action to fulfill an expressed desire to join the U. N.

It was the first Pakistan reaction to a U. N. legal department opinion, approved yesterday by Secretary-General Trygve Lie, holding that India's U. N. membership would go to the Hindu-majority Dominion of India and that Pakistan could apply for membership as a "new state."

Canada Hits Soviet Atom Controls Plan

LAKE SUCCESS, Aug. 13 (AP)—Canada declared today that Russia's plan for an international atomic control commission is not adequate as it stands now and suggested that the United Nations atomic delegates get on with their job of drafting their second report.

George Ignatieff, Canada, presented a resolution to that effect to the political committee of the United Nations atomic energy commission but the committee deferred action until Friday when the Soviet representative, Prof. Dmitri V. Skobeltsin, asked for delay.

'Oldest' Utahn Dies

GUNNISON, Utah, Aug. 13 (AP)—Mrs. Sylvia Eliza Banford Metcalf, 101, believed to be Utah's oldest woman resident, died last night at the family home. She would have been 102 Nov. 16.

She crossed the plains with her parents at four years of age. The family settled at Springville where she lived until her marriage in 1862.

Survivors include six daughters, 50 grandchildren, 125 great-grandchildren and 15 great-great grandchildren.

VISITING IN GOODING

GOODING, Aug. 13—Mr. and Mrs. L. H. Brinton and children, Los Angeles, Calif., are visiting Mrs. Brinton's parents, Mr. and Mrs. W. O. Webb and other relatives.

Yoo-Hoo Deal Informer Still Gets 'Shakes'

LITTLE ROCK, Ark., Aug. 13 (AP)—Kenneth L. Fox still shudders when he thinks about it. He was the soldier who tipped off reporters in 1941 to the story that became the famed "Yoo Hoo" Lear incident.

Fox, editorial writer for the Kansas City Star, revisited Camp Robinson today and his visit disclosed the source of the first story, previously kept secret by a few newspaper men while Fox rose from staff sergeant to lieutenant colonel.

Incident Recalled

The incident involved the 110th quartermaster regiment which was returning from Tennessee war games on a hot July day. Some of the men, passing a Memphis golf course, yoo-hooed at shorts-clad girls. Lieut.-Gen. Ben Lear was playing golf in mufti.

Declaring the men lacked proper discipline, Lear ordered the unit to return from Camp Robinson to Memphis and make the 150-mile trip back to camp again, 15 miles on foot.

Passed on Story

Fresh from a reporter's job on the Star, Fox got the story from an M. P. and passed it on to Little Rock reporters. While the story snowballed across the country and into the halls of congress, Fox recalled, an official order came down from Lear's headquarters at Memphis that the incident "was not to *be mentioned*."

"That was when I began to get scared," Fox told fellow newsmen. "One word to a high official and my goose would be cooked."

Fox Rose in Rank

But while Lear was greeted by yoo-hooing crowds and carried the nickname until his retirement, Fox rose in army rank, served in Europe, and became deputy press officer for General Eisenhower.

"How far do you think you'd have gotten in the army if they'd ever found out it was you?" he was asked today.

Fox covered his face with both hands. It still does that to him.

War Dog Retires With All Honors To His Owner

SAN DIEGO, Calif., Aug. 13 (AP)—A broad-chested mongrel dog is being retired with due ceremony from the U. S. navy today, and will be delivered by station wagon—with an escort of five sailors—to her former master in Denver.

Capt. Josephus Asa Briggs of the USS Tarawa said the dog Sangie was being detached and retired with full honors in response to appeals from Landy E. Black, jr., Denver. Black was Sangie's master while the dog served as mascot of the carrier Sangamon in the Pacific war.

For wounds suffered in action, Sangie wears a purple heart, along with campaign ribbons and battle stars. She will be delivered to Black at the Denver naval reserve air base next Saturday. Sangie's service record shows 11 major battles; her wounds resulted form a Japanese suicide-plane explosion.

Among those named as her official escorts for the trip to Denver waS specialist 3/c Donald Harrison, Meridian, Ida.

Land Committee Check Shows 80 Bills Given Okay

WASHINGTON, Aug. 13 (AP)—The house public lands committee chalked up its score today and found that 80 of its measures—for the most part affecting the west—have been signed into law by the President.

Some of the most important legislation it considered, however, is still before the house or senate. The committee still has before it some major bills which originated in the senate.

Of the committee bills, five were vetoed by President Truman, among them the measure to continue subsidies on copper, lead and zinc.

Among measures approved by the committee but not passed by congress were the Hawaiian statehood bill, passed by the house and now before the senate, and the Rockwell bill to amend the reclamation act, which is still before the house.

Ernest Grant, committee clerk, reported that committee members held 102 meetings during the past session. The longest hearings, continuing for several weeks, were on the Rockwell reclamation bill.

Writer of Check Pays Court Fine

Jess Hill, Twin Falls, Tuesday pleaded guilty to a charge of writing a check on a bank in which he had insufficient funds and was fined $15 plus $5.40 court costs and was sentenced to 25 days in the county jail, with Justice of the Peace J. O. Pumphrey suspending the jail sentence and $5 of the fine when Hill offered to pay the sum involved in the check.

Hill said he had changed his account from a Twin Falls bank to a Buhl bank recently and forgot to change the bank name on a check for $25 given to the Price Hardware store for merchandise.

Thunderstruck

PENNSBURG, Pa., Aug. 13 (AP)—A bolt of lightning killed two semi-professional baseball players and stunned five others during a game being watched by 100 spectators.

Norman Eschbach, 19-year-old centerfielder of the Pennsburg team, died last night shortly after being taken to a hospital in Sellersville, Pa., and Stanford Buck, 23-year-old Pennsburg leftfielder, succumbed at Allentown hospital.

'Valley of Snake' Movie Shown for Rotarians' Meet

Showing of a full-color film, "Valley of the Snake," comprised Tuesday's program for the Twin Falls Rotary club luncheon meeting.

This motion picture portrays the important part played by the Snake river in development of southern Idaho and eastern Oregon and shows various irrigation reservoirs and power projects that depend upon the river. Developments resulting from use of water and power also were shown. R. W. Carpenter was program chairman.

Announced during the meeting was that Max Lloyd, manager of the Roxy theater, will, in conjunction with the Rotary club, present a special show for children of Magic Valley soon, with all proceeds to help in paying for the *model airplane airport at Jaycee* park.

Visiting Rotarians were George Allen, Shoshone; Clarence Walker, Pasadena, Calif.; and Clarence Phillips, San Jose, Calif.

Guests were Richard Setterstrom, Butte, Mont., who was a guest of Reese Williams; and Dale Brumbaugh, who was introduced by President Frank Lett.

Kaiser Declares Inquiries 'Good'

CHICAGO, Aug. 13 (UP)—Industrialist Henry J. Kaiser, one of the chief witnesses in the Hughes investigation, said today that such investigations were "fundamental and necessary."

"I am sorry that Hughes didn't get a chance to present the entire side of his case," the west coast shipbuilder said, "but I believe investigations of this type are a fundamental part of our democracy. The more they have, the more the people will know."

Kaiser, here with his wife en route to the west coast, would not comment on possible motives behind the abrupt suspension of the inquiry yesterday. But he said he was sorry it had been called off.

"They have all the information concerning Hughes documented and in the hands of officials," he said.

"Flivver" Planes Reach Greenland

NEW YORK, Aug. 13 (AP)—Two former army pilots who are circling the globe in two light planes, with time no object, landed last night in Greenland and planned to take off today for Iceland, William Strohmeier, flight manager, said today.

Clifford V. Evans, 26, of Washington, D. C., and George Truman, 39, of Los Angeles, messaged Strohmeier they had landed safely at Blule West one airport, about 40 miles from Julianehaab, capital of Greenland. They left Goose Bay, Labrador, shortly after noon yesterday.

Reykjavik, Iceland, the next stop, is about 730 miles from Greenland.

Veto of U. N. To Wreck it, Smuts Avers

By LEROY KELLER
(World Copyright, 1947, by the United Press)

PRETORIA, South Africa, Aug. 13 (UP)—Field Marshal Jan Christian Smuts, 75-year-old prime minister of the Union of South Africa, said today that the veto will wreck the United Nations.

Western civilization, he declared, will be saved by America's offer to assist Europe rehabilitate its shattered economy.

Plan Can't Fail

"The Marshall plan can not fail—it will not fail," Smuts asserted with deep conviction. "Otherwise, the world fails, and we enter another dark period."

The soldier-statesman, one of the formers of the U.N. charter at San Francisco, compared the world organization's beginning with the launching of a ship in fair seas—only to be wrecked upon a rock.

"That rock is the veto," Smuts said.

Deeply Disturbed

The prime minister made it clear that he was deeply disturbed by the present tendency of the world to divide into eastern and western blocs.

"The misfortune is that the Soviet world is being built up as an enclosure behind the barriers of iron curtains," Smuts said. "There is no evil intent in this. It is their way.

"The west believes in freedom in *its widest implications*."

The Marshall plan, Smuts felt, was the foundation that will lead to other plans which will reconstitute "God's world." He believed Europe will be "salvaged."

Boulder Crashes To Block Trains

RENO, Nev., Aug. 13 (AP)—A falling boulder crashed into a Southern Pacific main line freight train 11 miles east of Reno late yesterday, blocking the Truckee river canyon track and putting crack passenger trains hours behind schedule today.

Transcontinental traffic was to be resumed at 10 a. m.

The eastbound streamliner City of San Francisco was delayed 10 hours, and the eastbound Overland Limited 15 hours.

Two westbound transcontinental trains from Chicago, the Pacific and the Challenger, were expected to be about 14 hours late arriving in San Francisco.

New Secretary Is Named for Robins

BOISE, Aug. 13 (AP)—Miss Shirley Yenor, St. Maries, will report Aug. 20 as receptionist in the office of Gov. C. A. Robins to succeed Joan Benoit of Twin Falls who will return to her home.

Miss Yenor is a graduate of the University of Idaho where she was a member of Delta Delta sorority. She is a daughter of Mr. and Mrs. E. B. Yenor of St. Maries. Her father is in the banking business.

Unity for Two Rail Unions Is Proposed

SAN FRANCISCO, Aug. 13 (AP)—The first steps toward unification of the Brotherhood of Locomotive Firemen and Enginemen, with 114,000 members, and the Brotherhood of Locomotive Engineers, with 65,000 to 70,000, were being taken by committeemen today.

Fireman and enginemen named their committee yesterday, to confer with a similar committee chosen earlier by the engineers. Any agreement they reach will be submitted to a membership vote.

3-Way "Idea" Contest Seen For Germans

By J. M. ROBERTS, JR.
AP Foreign Affairs Analyst

By admitting that a production emergency is no time to be nationalizing the steel industry, the British Labor party has cut the ground from under Foreign Minister Bevin regarding nationalization of the Ruhr mines.

This has been one of the major disagreements in Anglo-American discussions of the German coal situation. Britain has insisted on immediate nationalization. Americans don't believe that is the way to get coal. They also think the Germans should eventually decide about socialism for themselves.

Nazis Wrecked Economy

The Germans wrecked Europe's economy. Maybe it was pretty sick already, but they struck the finishing blow, deliberately started black markets in occupied countries, and intended that all of Europe should work for them. Who owns the mines is a minor matter.

The object is to get coal out, ship it to German and other European factories, and apply any profits against occupation costs.

Opportunity Offered

Probably no other place in Europe offers such an opportunity for demonstration of what Marshall plan pump-priming can do. American experts believe that food in the miners and machinery in the mines will produce coal, which in turn will provide the steel for farm machinery to pick up the burden of supplying the food, and the economic circle will be working again.

Just what could be gained by injecting political theories into this process is not clear. Attempts to export ideologies lie at the root of many current world troubles. The Russians have been busy for years trying to export their particular brand of communism. The United States is trying to counter Moscow by exporting democracy. Is Britain trying to make it a three-way contest?

22 Hours Locked in Icebox

—when he was trapped in an abandoned icebox for 22 hours. Robert climbed in to see what the inside of an icebox looked like, and the door locked behind him. His brother, John, left, examines the box in a vacant lot after Robert's rescue.

Curiosity almost killed this boy—Robert Tome, right, of Milwaukee

Death Takes Man Hurt in Shooting

OGDEN, Aug. 13 (AP)—Bert D. Peck, 41, Cedar Edge, Colo., a railroad worker wounded in a boxcar shooting last week at Carter, Wyo., died last night in an Ogden hospital.

Peck suffered a chest and arm wound in the shooting in which two other railroad workers were injured.

The other victims, James D. Stobaugh, 22a Oxnard, Calif., and Carl A. Delmar, 32, Carter, were reported in satisfactory condition at the hospital at where Peck succumbed.

At Evanston, Wyo., Sheriff Frank L. Narramore said earlier a man he identified as Harry N. Belkin, 39, of Philadelphia, was held for questioning in connection with the shooting.

Idahoan Killed When Hit by Switch Engine

SALT LAKE CITY, Aug. 13 (AP)—A man killed early yesterday when a switch engine of the Denver and Rio Grande Western railroad struck him was identified today as Joseph Byron Langford, 24, Salt Lake City.

Cause of the accident was still under investigation.

Langford lived with his family at Payette, Ida., for many years before moving here five years ago.

Survivors include brothers and sister, Marvin Langford, Mrs. Dorothy Poland and Mrs. Alice Templeton, all of Payette.

MOVES TO NEVADA

KING HILL, Aug. 13 — Albert Bastrom has gone to Nevada City, Nev., where he has employment in the mines. His family will join him there soon.

Burned Concern Will Be Rebuilt

WENDELL, Aug. 13—The shop of the Gates Brothers Machine works either will be rebuilt a new building will be constructed to house the body and paint shop, Charles Gates, manager of the concern, said today.

The Gates Brothers Machine works was destroyed by fire Aug. 7 in a blaze that also swept the Barrus garage, housed in the same building.

A crew has been placed at work in the paint and body shop to haul out the debris and tear down the part of the roof that did not fall into the interior of the building.

ON SOUTH DAKOTA TRIP

PAUL, Aug. 13 — Mr. and Mrs. J. F. Rentz, Jacob Bertsch and son, Delbert, and Mrs. Morris Edwards and daughter, Nadine, have gone to McIntosh, S. D., for a visit with relatives.

Loyal Troops Defeat Rebels For Paraguay

BUENOS AIRES, Aug. 13 (AP)—An official Paraguayan source here said rebel forces were fleeing from their positions around Asuncion today after suffering a sharp defeat at the hands of loyal Paraguayan troops in the latest action of a five months old civil war.

This informant said the loyalists were "tenaciously pursuing" the retreating insurgents in the direction of Piquete Cue and Villeta, north of the capital.

Ask Mediation

In Rio de Janeiro, the arrival of Justo Prieto, self styled "observer for the Paraguayan rebels," indicated the inter-American conference beginning there Friday might be asked to mediate the Paraguay civil war.

Prieto, former foreign minister of Paraguay, said the American nations could not be indifferent to the war and that Brazil and Argentina must consider mediation as a duty. Both countries have tried, but failed; Brazil on three occasions.

Report Rebels "Destroyed"

The official source here said the message he received from Asuncion last night reported that insurgent forces around the threatened loyalist capital had been "destroyed."

On the other hand, rebel sympathizers in the border city of Formosa said they heard a broadcast rebel communique last night which said the insurgents "were fighting in the center of Asuncion and advancing steadily despite desperate government resistance."

Hair-Pulling by Mother Brings Romance's End

DAYTON, O., Aug. 13 (AP)—Miss Dolly Cox, 24-year-old Tennessee redhead who ran off with a 16-year-old youth for whom she professed undying love, changed her mind yesterday after a deputy sheriff reported the boy's mother spat in her face and pulled her hair.

Deputy George Glander said Mrs. Effie Sirskides, mother of Louis Kotronis, with whom Miss Cox eloped Aug. 5, ran up as the Greenville, Tenn., mother of a 3-year-old daughter approached the entrance to the juvenile court building.

The older woman roughed Miss Cox, spitting in her face and yanking her red tresses, Glander said. Dolly made no effort to protect herself and Glander said he separated the women.

Subsequently, Dolly told Judge Frank W. Nicholas of Montgomery county domestic relations court she had decided to return to Greenville and not again see her Dayton boy friend.

Judge Nicholas, after a hearing on a charge of contributing to the delinquency of a minor, passed a one-year suspended jail sentence on the young woman and fined her $50 and costs.

SPOTTED FEVER HITS

COEUR D'ALENE, Aug. 13 (AP)—Spotted fever yesterday claimed the life of Mrs. Azleet Valentine Hudson after an eight-day illness. It was the first spotted fever death in Kootenai county for several years.

Hughes Publicity Agent Shows up In N. Y. 'Spots'

NEW YORK, Aug. 13 (AP)—Johnny Meyer, Howard Hughes' freespending press agent who is booked for a return engagement before senate sub-committee investigating his boss' wartime airplane contracts, was reported back in New York today, haunting the city's plushiest night clubs where he won his spurs as a party-giver during the war.

Where Meyer was staying was a secret U. S. marshals would like to know. But he said he planned to remain here for awhile with friends.

The portly press agent, who provided the comedy in last week's senate investigation of his expense account and entertainment of high army officers, was wanted by the marshals who had a subpoena to serve on him.

Meyer disappeared Friday shortly after the senate subcommittee decided it wanted him to reappear before it again. His whereabouts were unknown until Monday night when he visited the El Morocco. He said he had been staying in Richmond, Va., not far from Washington, alone.

Derailed Train Holds Up N. Y. Commuters

ELIZABETH, N. J., Aug. 13 (AP)—Thousands of New York-bound commuters were delayed today when 19 cars of a 52-car, eastbound Pennsylvania railroad freight train were derailed, sprawling coal and box cars across the four-track main line here. No one was hurt.

Auxiliary buses provided by the railroad expedited traffic and the railroad said two tracks were expected to be cleared by late today.

VISIT AT FILER

FILER, Aug. 13—Mr. and Mrs. John Lynch and Mr. and Mrs. Griffin Irwin, Springtown, Ill., were recent guests at the Glenn Leonard home.
